REDUCTION IN FORCE**

1. Authority. Pursuant to Public Education Department Regulations and State Law, the Board of Education, through the Superintendent, has the authority to discharge school personnel during the term of their contracts or to terminate employees when a reduction in personnel is required in accordance with applicable law, and the provisions of this agreement. The District shall, at the very least, exercise discretion in good faith, and determinations concerning a R.I.F. shall be based on bona fide educational considerations, and shall not be a subterfuge for discharging or terminating employees without just cause or for impermissible reasons.
2. School Board Discretion. The Board is vested with the discretion to determine the educational program of the District, so long as the Public Education Department's Educational Standards and statutory required standards are met.
3. Situations Justifying Reduction in Force. Situations that justify a R.I.F. shall include, but are not limited to the following:
 - 3.1 documented decrease in student enrollment;
 - 3.2 documented decrease in revenue;
 - 3.2.1 because of a documented decrease in student enrollment;

- 3.2.2 because of a documented loss or reduction of tax revenues;
 - 3.2.3 because of a documented reduction of state, local or federal financial support; or

 - 3.8 documented, unanticipated financial or programmatic exigencies,
4. Notification. When the School District anticipates a R.I.F. that might result in the discharge or termination of an employee(s) in the bargaining unit, the District will notify the Federation, in writing, of the anticipated R.I.F. at least twenty (20) work days prior to the implementation of the R.I.F. The Federation and the District shall meet within twenty (20) days of the notification to negotiate the impact of the R.I.F. decision.
- 4.1 The superintendent shall develop a plan for R.I.F to be presented to the Board and the Union. The R.I.F. plan shall at least focus upon the total educational program of the District and how it may be modified to reduce costs, reduce programs and reduce personnel while still providing the educational program required of school districts and the particular educational needs of the District.
 - 4.1.1 Where circumstances warrant, a R.I.F. plan should address particular programs, departments, school sites, content areas or activities if the causes for the R.I.F. predominantly impact that aspect of the educational program and shall at the minimum, identify individuals to be discharged or terminated.
 - 4.1.2 The R.I.F. plan shall include but need not be limited to, the following:
 - 4.1.2.1 A detailed description of the cause or causes requiring a R.I.F.
 - 4.1.2.2 A detailed description of all adjustments already made by the District in an attempt to avoid a R.I.F. (e.g. reduction by attrition, cuts in non-licensed staff, abolition of non-essential services or activities such as extracurricular programs. etc.)
 - 4.1.2.3 A designation of the part or parts of the total educational program or particular program or activity in which the R.I.F. is proposed and the number of positions proposed to be reduced in each program or activity.
 - 4.1.2.4 A designation of non-essential services or activities that are to be retained, with a detailed justification for retaining such programs.

4.1.2.5 A detailed description of all alternatives considered by the District with a detailed explanation as to why such alternatives were rejected.

5. Attrition. Before a R.I.F. the District shall first attempt to absorb the necessary reductions through attrition followed by requesting voluntary transfers and resignations by written notice to employees in the licensure, endorsement and/or classification/job titles areas affected. If the attrition, voluntary transfers and resignations do not produce the necessary reductions in force, layoff shall be implemented only after all legal requirements are met to show affirmatively that there is not position available that the teacher was qualified to teach and the reasons are solidly grounded in the academic welfare of the school. A reduction in the teaching staff, without having done this, is not a good and sufficient reason for the dismissal of a tenured teacher when other teachers without tenure are retained in his/her place and stead.
6. Selection of Certified Personnel. At a minimum, the following criteria shall be applied in making the selection for the R.I.F.:

6.1 Certified Licensure/Qualification. Tenured school instructors shall be retrained in preference to licensed school instructors who have been employed by the district for less than three consecutive school years of service. Non-tenured employees, without appropriate licensure/certification, shall be the first to be considered for R.I.F. Non-tenured employees with licensure/certification shall be considered next if they teach the area/program designated for R.I.F. A person having a “wavier” of certification or licensure requirements shall be treated as having a standard certification or licensure for the purpose of this provision.

6.2 Other Selection Criteria. If two or more licensed employees in the proposed R.I.F. are equal in certification/licensure and qualification for the position they currently hold and no other position exists in the “District for which that employee is qualified, and it is necessary to decide which shall be let go, the following selection criteria shall be applied:

6.2.1 Service in District. Each licensed employee being considered for termination or discharge shall be awarded one (1) point for each year of full-time service during the most recent period of uninterrupted service with the District, to include the current year, excluding approved leaves. Additional points shall be awarded as follows:

- a. B.A. = 2 points
- b. B.A. + 15 = 4 points
- c. B.A. + 45 = 6 points
- d. M.A. = 8 points
- e. M.A. + 15 = 10 points
- f. M.A. + 45 = 12 points
- g. Doctorate = 14 points

- 6.2.2 When two or more licensed employees are equal in certification/licensure and qualification for the position they currently hold, the person with the least number of points awarded in 6.2.1 will be R.I.F.'d.
 - 6.2.3 When the points awarded in 6.2.1 are equal, a coin toss will determine which employee is R.I.F.'d.
- 7. Support Staff Employees- When a R.I.F. is necessary and it affects Support Staff employees within the bargaining unit, employees will be discharged or terminated in the reverse order of seniority within the job classification titles affected.
- 8. Employees shall have recall rights for a period not to exceed one (1) year from the effective date of the R.I.F. When the District determines to fill a position, the most senior qualified person on the District wide list will be offered that position. If the employee declines the position, the employee will be removed from the District wide list. The employee will remain on the list of the geographic location where he/she was employed when the R.I.F. took place. If, after declining a District wide position, the District decides to fill a vacancy at the geographic location where the employee was assigned when the R.I.F. took place, the qualified employee with the most seniority on the geographic location recall list will be offered the position. If the employee declines this offer, the employee's employment relationship with the District is considered to have been severed and the District's obligation to provide any employment rights shall be terminated.
- 9. For a period of one year after the effective date of the discharge or termination of any employee pursuant to this policy, the District shall offer to such person any position(s) that become available for which such person is qualified, provided that such person has complied with the requirements specified below.
 - 9.1 Every person discharge or terminated under this policy who wishes to be considered for recall, in the event that an opening occurs, must file with the Superintendent, within thirty (30) days after the effective date of the discharge or termination, a written statement indicating a desire to be considered for recall and providing an address at which the person may be contacted. Such person must notify the Superintendent of any change in address within ten (10) days after changing residencies in order to insure proper notification in the event of a recall.
 - 9.2 In the event that more than one interested person who was discharged or terminated within the calendar year prior to recall is qualified for the position, the certified staff member with the most accrued points according to the steps listed above shall be recalled first and the support staff employee with the most seniority shall be recalled first.
- 10. Any person selected for recall hereunder shall receive written notification of the recall, by certified mail, at the address provided. The recalled person must accept the position offered through recall in writing. Such acceptance must be received in the Superintendent's office within fifteen (15) calendar days after the certified mailing of the recall notice to the person. Rejection of the offer, in writing or by failure to timely respond, shall result in forfeiture by the recalled person of any further recall rights under

this policy. Thereafter, an offer of recall will be made to the next person qualified to be recalled, or if there is none, the position will be filled by another qualified applicant.

11. Any person recalled pursuant to this policy shall have all accrued but unused leave restored and be given credit for all years of actual service in the district for salary purposes.
12. After the one-year recall period has expired, any person discharged or terminated under this policy shall no longer have any right to be recalled.
