Background and Summary:

To give online access to Gadsden Independent School District to process Government Temp Tags when expired at no fee. On occasion the temp tags on our new vehicles will expire before we receive the permanent plates. We are not interested in accessing individual drivers license checks because the state of NM (through NMPSIA) has a contract with a company to provide these services to all school districts. This provider is "SAMBA", and they have been providing these services for several years.
