Infrastructure Devices:

- End of Support:** The device or module has reached end-of-support from the manufacturer.
- LDoS 0 to 12 Months:** The device or module will reach end-of-support from the manufacturer within 12 months.
- LDoS 12 to 24 Months:** The device or module will reach end-of-support from the manufacturer within 12 to 24 months.
- LDoS 24+ Months:** The device or module will not be end-of-support from the manufacturer for at least 24 months.
- EOX Not released:** No end-of-support bulletin or publication was found for this device.
- No EOX Match:** Based on information available it is not possible to accurately identify this devices support status. Manual submission of the serial number or greater details to the manufacturer will be required to accurately identify the support status of this hardware.

Server Devices:

- End of Life:** End of Life date released and reached by the manufacturer.

Retired:	Retired date released and reached by the manufacturer.
EoL 0 to 12 Months:	The server will be end-of-life or retired from the manufacturer within 12 months.
EoL 12 to 24 Months:	The server will be end-of-life or retired from the manufacturer within 12 to 24 months.
EoL 24+ Months:	The server will be end-of-life or retired from the manufacturer for at least 24 months.
No EoL Bulletin Released	No end-of-life or retired bulletin was found for this server.
No EoL Match:	Based on information available it is not possible to accurately identify this servers support status. Manual submission of the serial number or greater details to the manufacturer will be required to accurately identify the support status of this hardware.
NA:	Type type of device does not list an end-of-life date. These are typically virtual machine guest systems.

Notice:

Please note the information provided within this report is based on published releases by various manufacturers and vendors. While we do everything possible to reach 100% accuracy sometimes delays in publications or changes in release dates may occur. If you believe a date is inaccurate please verify directly with the manufacturer of the equipment as we cannot be held responsible for inaccuracies within this report.
