Background and Summary:

HB 92, passed by the second session of the 51st Legislature in 2014 requires that health education classes include age-appropriate sexual abuse and assault awareness and prevention training that meets department standards developed in consultation with the federal centers for disease control and prevention. The local changes, highlighted, clarifies that the new requirement impacts only high school health education classes. The Exhibit to IHAMB was modified to clarify that the exhibit is an exemption form to be completed by parents or guardians who wish their children to be removed from instruction containing Sexuality Performance Standards as permitted by the new health education standards.
