12. PROPOSAL EVALUATION AND SCORING

A. EVALUATION PROCESS AND SCORING METHODOLOGY

1. Receipt and Opening of Proposals

Proposals and modifications to proposals received prior to or at submission shall be time-stamped upon receipt and held in a secure place until the Evaluation Committee has scored the Proposal. Proposals shall not be opened publically and shall not be open to public inspection until the successful Offeror has signed a contract.

2. Evaluation Committee

The Evaluation Committee shall consist of a minimum of 3 persons appointed by GISD. The team shall collectively possess expertise in the technical requirements of the project and contracting. GISD may use independent consultants or agents to support the Committee, provided appropriate precautions are taken to avoid potential conflicts of interest.

3. Proposal

The Procurement Officer shall review each proposal to determine if it meets all of the mandatory requirements. Proposals that do not meet the mandatory requirements shall be considered "nonresponsive." The Offeror shall be notified in writing of the determination. The Procurement Officer will then distribute the proposals and individual score sheets to the Evaluation Committee, and will review how the proposals shall be scored.

4. Price

The Price shall be initially evaluated to ensure that the price offered is responsive to the RFP requirements and instructions and is realistic in respect to the project plans and specifications.

The price shall be evaluated on the basis of the numerical weight assigned below and scored in accordance with the following process to permit the scoring of competing Offeror's price proposals in relation to one another: The Offeror with the lowest price shall receive the maximum price score, i.e., the maximum numerical weight assigned to the price below. The price score of each other Offeror shall be determined by applying the following mathematical formula: price of lowest Offeror divided by the price for this Offeror multiplied by the maximum price score:

Price of lowest Offeror divided by Price of this Offeror
X maximum price score
= price score this Offeror

5. Scoring of Remaining Criteria

The Evaluation Committee members shall score the remaining criteria based on the scoring system below. Those individual scores will then be combined with the price score and converted to a numeric ranking of all proposals per Committee member. The individual member rankings per Offeror will then be totaled together to determine the overall ranking of the proposals.

10	Exceptional
9	
8	Exceeds Minimum Requirements
7	
6	
5	Meets Minimum Requirements
4	
3	Fails to Meet Minimum Requirements
2	
1	Unacceptable

6. Proposal Discussions

If mistakes are discovered after receipt of the proposal, the Offeror may so advise the Evaluation Committee prior to completion of the proposal evaluation process, or the Evaluation Committee may request clarification of information submitted by any or all Offerors in a written format with a specified deadline for response.

7. Discretion of Evaluation Committee

The Evaluation Committee has the discretion to apply the evaluation criteria and recommend the selection of the Offeror which is considered by the Evaluation Committee to be most advantageous to GISD.

B. EVALUATION CRITERIA: The following evaluation criteria will be used in award:

CRITERIA	POINTS
Price	50 POINTS
