Background and Summary:

San Miguel Elementary is currently under renovation for use by the Special Education Department. Several suggestions for naming the building were made at the Facility Naming Committee (FNC) meeting on December 1, 2020. Community input favored including San Miguel in the name. The FNC met again on December 8, 2020, and five (5) names were considered. San Miguel Special Services was the most popular choice. FNC Chairman recommends San Miguel Special Services.
