

Standards-Based Capital Outlay Projects

Current Supplemental (Phase II) Awards

The PSCOC approved capital outlay project awards to complete or supplement previous PSCOC standards-based award projects to the districts set out in the award spreadsheet for the purposes and in the amounts specified (see attached). Each allocation is intended to fully complete the project, fund a specified phase, or other specified purpose, but may require future allocations from the PSCOC to fully complete to the NM Statewide Adequacy Standards, which shall be in accordance with the PSCOC awards process.

New Standards-Based Project Awards

The PSCOC approved capital outlay project awards under the standards-based capital outlay process to the districts set out in the award spreadsheet for the purposes and in the amounts specified (see attached). Each allocation is intended to fully complete the project, phase, or specified purpose, but may require future allocations from the PSCOC to fully complete to the NM Statewide Adequacy Standards, which shall be in accordance with the PSCOC awards process.

- The state-share of project amounts specified to the Rio Rancho New NW Elementary School and the Los Lunas New Westside Elementary School include \$9.0 million each from the High Priority Projects Appropriation, pursuant to Laws 2007, Chapter 42, Section 25, Subsection 2 to fund new or expanded school facilities in high-growth areas.
- The state-share of project amounts specified to Gallup, Mesa Vista, Grants, and T or C, elementary schools for Pre-K facilities for current state general funded programs are in the form of an advance from the Public School Capital Outlay Fund. The advance funds are to be repaid pursuant to agreement with the PSCOC pending resolution of Pre-K funding issues and changes to the Adequacy Standards.
- The state-share of project amounts specified to awards in Cobre, Las Cruces, Rio Rancho Los Lunas, Farmington, Gallup, Deming, Portales, and Gadsden does not include additional funds from the High-Performance Schools Appropriations, pursuant to Laws 2007, Chapter 2, Section 27, Subsection 2, and Laws 2007, Chapter 42, Section 25, Subsection 2 to plan, design, construct and renovate schools using energy-efficient, effective and high-performance sustainable building standards.

Standard Contingencies to All Awards

The PSCOC approved that the awards are contingent upon acceptance by the districts through execution of the required documents between the PSFA and the district, which contain the detailed project description set before the Council, the roles and responsibilities of the parties, phasing schedules and direct payment options. These awards are further contingent on the following:

- The districts' execution and implementation of their preventive maintenance plans and their participation in the Facility Information Management System (FIMS).
- Projects must comply with the design capacity outlined in the award.

- If existing facility disposal is required, an approved commitment from the district to PSCOC will be required prior to release of construction funding. Disposal may include demolition of the facilities or by written agreement transferring ownership of property and/or facilities.
- Any DCP funds previously allocated to correct deficiencies to a facility that no longer require corrections to meet adequacy due to replacement of those facilities per this PSCOC awards, shall not be expended for the purpose as outlined in the original DCP MOU.
- The district will provide and deliver to the PSFA, within 60 days of the acceptance of the award, a project schedule, outlined in the Memoranda of Understanding (MOU) that includes, if applicable, the dates for completion of educational programming, advertisement of RFP for design services, design completion date, advertisement for bid date, construction start date, construction completion date, and date of occupancy or intended use. Failure to have projects completed by the scheduled deadline does not obligate the PSCOC for any increased costs due to inflation or other time related consequences.
- Prior to occupancy, the district must provide an amendment to their approved maintenance plan defining how they will provide appropriate maintenance for any added facility space.
- The MOU shall identify those specific portions of the project above adequacy, the cost of those portions and the district funding source that will fund these costs in their entirety by the district.
- All associated site cost for projects must be identified and approved by the PSFA staff prior to approval of the PSFA-RASC schematic design phase submittal.
- Prior to projects' final PSFA-RASC approval and release to bid, all site infrastructure including roadways, utilities and water must be in place, under contract with specified completion time, or defined by other acceptable written agreements that include cost and completion time.
- All awards are exclusive of land acquisition costs and offsite utilities and infrastructure expenses which are the total responsibility of the district and community and will not apply to the District's matching fund requirement.
- Portable classrooms purchased from proceeds of this or previous PSCOC awards, freed by construction of permanent facilities shall, at the option of the PSFA, become the property of the PSCOC. If freed portables were purchased with district proceeds, then at PSFA's option, portables may be purchased at a fair market price and relocated by PSFA as directed by and at the expense of the PSCOC.

06-07-47	Gallup	Tohatchi Elem.	This award is for construction funding to replace the existing elementary school and demolish the old school per the intent of the initial award for 230 students. Award includes an advance of the state share of facilities for current PED state general funded Pre-K program, but does not include funds for additional spaces request for bleachers in the gym. Advance is to be resold pursuant to agreement with PSCOC pending resolution of Pre-K capital funding issues and changes to the adequacy standards.	18%	82%	\$11,880,163	\$9,741,733	\$2,138,428	\$153,007	\$0	\$0	\$0	\$2,138,429	\$9,894,741
06-07-50	Gadsden	Gadsden High	This award is for planning and design of the Career Pathway Building. The district needs to utilize previous award funds to develop the scope of work necessary to bring existing facility to adequacy. Award is contingent upon the district providing requested documentation regarding outstanding balances on all previous PSCOC Awards.	13%	87%	\$375,000	\$326,250	\$48,750	\$0	\$0	\$0	\$0	\$48,750	\$326,250
05-06-85	Las Cruces	New Las Cruces HS	District did not apply for additional funding this award cycle. The PSCOC requests that the district move forward with the design of the New High School per the intent of the previous awards. The district can submit an application for construction funding in a future awards cycle.	35%	67%	\$0	\$0	\$0	\$0	\$200,000	\$0	\$0	\$0	\$0
06-07-01	Rio Rancho	Vista Grande Elementary (existing)	The district's application for this project has been deferred to a future awards cycle due to construction funding of new reliever schools for Vista Grande & Colinas del Norte elementary schools.	33%	67%	\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0
06-07-24	Deming	Deming High	This award is for construction of a new Deming HS. This award is contingent upon the district moving forward with and completing the approved design scope through Bid documents by July 1st, 2008; coordinating project construction phasing with PSFA staff to align with the district's local funding match; and the district passing their local bond election by March 1, 2008. Previously awarded funds should be sufficient to complete all planning and design.	24%	78%	\$2,247,208	\$2,252,314	\$10,194,941	\$0	\$200,000	\$0	\$0	\$10,194,941	\$2,252,314

2	Farmington	McKinley Elem	This award is to replace and remodel portions of the existing facility with new classroom spaces to meet adequacy standards, for a design capacity for 600 students grades K-5. The district is to complete its facility equipment inventory at all district schools.	42%	33%	\$12,935,297	\$7,502,472	\$5,432,825	\$0	\$100,000	\$0	\$0	\$0	\$0	\$5,432,825	\$7,502,472
5	Rio Rancho	Colinas del Norte Elem	This is a high priority project, and the state share includes \$9 million dollars from the High Priority Projects appropriation. The award is to construct a new NW Elementary to relieve over crowding at Colinas del Norte to adequacy for 800 students grades K-5. The district is encouraged to improve their preventive maintenance program through implementation of FIMS PMD.	31%	89%	\$19,156,841	\$13,218,220	\$5,938,621	\$0	\$0	\$0	\$0	\$169,100	\$0	\$6,127,721	\$13,029,120
6	Portales	Steiner Elem	This award is to build a new school and restructure grade levels districtwide to replace and consolidate Steiner Elementary with Lindsey Elementary to serve grades 5-6 for 500 students. Funds are inclusive of monies for demolition of existing facilities. Award is contingent upon the district passing its bond election in September of 2007. The district is encouraged to start using the FIMS UD and complete their facility equipment inventory.	21%	79%	\$15,239,568	\$12,039,259	\$3,200,309	\$0	\$100,000	\$0	\$0	\$235,674	\$0	\$3,435,983	\$11,803,585
13	Socorro	Midway Elem	Award is for renovation or replacement of portions of the school to adequacy for grades K-5 with a design capacity for 100 students. The district is encouraged to improve its preventive maintenance program through implementation of FIMS PMD and also make full use of FIMS UD.	24%	76%	\$3,741,101	\$2,843,237	\$887,864	\$0	\$0	\$0	\$0	\$61,042	\$0	\$958,908	\$2,782,195
14	Portales	Lindsey Elem	See Steiner Elementary	21%	79%	\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0
17	Las Cruces	Camino Real Middle**	This award is for planning and design for a new Middle School to adequacy standards from the previously funded 06-07 New Las Cruces HS for grades 6-8 with a design capacity of 900 students. The district can request construction funding for the remaining phases in a future awards cycle. The \$503,485 offset will be held in abeyance until a future construction award. The district is encouraged to improve their use of FIMS MD, reduce work order backlog to less than 60 days, update facility equipment inventory, and make full use of FIMS UD.	33%	67%	\$800,000	\$536,000	\$264,000	\$0	\$150,000	\$0	\$0	\$0	\$0	\$264,000	\$536,000
18	Clovis	La Casita Elem	This award is for planning, design, and construction for additions and renovations to existing facility to bring to adequacy for grades K-5 with a design capacity of 511 students. District is encouraged to update their PM Plan.	13%	87%	\$4,827,196	\$3,861,757	\$965,439	\$0	\$0	\$0	\$0	\$46,000	\$0	\$1,011,439	\$3,815,757

NEW AWARDS

25	West Las Vegas	(A) W. Las Vegas Fam. MHS	This award is to study the current facility program of WLV Family MHS, and complete an early schematic design to provide the necessary spaces for its program requirements within the existing (former) Union ES. West Las Vegas Family MHS Partnership is an alternative program that may utilize other community and/or school facilities to fulfill their program requirements. The district can submit an application for construction funding in a future awards cycle. Any future construction funding will be contingent upon the district's demonstrated commitment to and consistent use of FIMS MD (documentation of labor, material and contract costs), reduction of maintenance work order backlog, improvement of preventive maintenance program through implementation of FIMS PMD, completion of facility equipment inventory, and standardization of custodial processes.	24%	75%	\$86,958	\$66,088	\$20,870	\$0	\$0	\$291,908	\$0	\$312,778	\$0
29	Mesa Vista	El Rito Elem	This award is for the planning and design for renovation and replacement of facilities at El Rito ES to adequacy. In developing the design for this project, the district will stay within the guidelines of 150 sq. ft. per student to serve grades K-6 with a design capacity of 100 students. Funds are contingent upon the district securing the necessary space for a temporary campus at the Community College. If the district is unable to secure the facilities, all costs associated with the temporary campus will be at the district's own expense. Award includes an advance of the state share of the design for facilities for current PED state general funded Pre-K program. Advance is to be repaid pursuant to agreement with PSCOC pending resolution of Pre-K capital funding issues and changes to the adequacy standards. The district can submit an application for construction funding in a future awards cycle. The district is encouraged to continue improvement of its preventive maintenance program through implementation of FIMS PMD and completion of facility equipment inventory.	43%	57%	\$320,000	\$182,400	\$137,600	\$5,384	\$0	\$146,538	\$0	\$284,138	\$41,246
34	Los Lunas	Katherine Gallegos Elem	This is a high priority project, and the state share includes \$9 million dollars from the High Priority Projects appropriation. This award is for construction of a new west side elementary school to adequacy to relieve overcrowding at Katherine Gallegos; design capacity is for a core for 700 students and initial classrooms for 500 students, serving grades K-5.	22%	78%	\$16,811,925	\$13,113,302	\$3,698,624	\$0	\$100,000	\$289,190	\$0	\$3,987,814	\$12,824,112
34	Los Lunas	Katherine Gallegos Elem	This award is for planning and design of an 8 classroom addition at Katherine Gallegos Elementary needed to satisfy 500 student population to adequacy. The district can submit an application for construction funding in a future awards cycle.	22%	78%	\$313,673	\$244,665	\$69,008	\$0	\$0	\$0	\$0	\$69,008	\$244,665

35	Gadsden	Benito Elem	This award is for planning, design, & construction for new elementary school to adequacy to provide core facilities for 500 students and initial classrooms for 300, grades K-5, to relieve overcrowding of Benito Elementary only. Future applications will address Anthony ES and Loma Linda ES needs as they come up on the ranking. This award is contingent upon the district submitting quarterly reports to the PSCOC on the status of this an dollar PSCOC-funded projects.	12%	85%	\$10,895,274	\$3,575,921	\$1,300,353	\$0	\$100,000	\$115,040	\$0	\$1,415,433	\$9,420,841	
35	Gadsden	Benito Elem (existing)	This award is for planning and design funds to renovate existing Benito Elementary to adequacy standards for 500 students grades K-5 to include mechanical upgrades and removal of existing portables.	12%	88%	\$325,000	\$286,000	\$99,000	\$0	\$0	\$0	\$0	\$99,000	\$286,000	
38	Coble	Hurley Elem	This award is for planning & design for grades K-6 with a design capacity of 190 students, and includes funds to correct severe site drainage problems. HIP funding is contingent upon the district's submission and justification of necessary or required construction funds to meet conservation goals. The district can submit an application for construction funding in a future awards cycle. Offset of \$104,659 to be held in abeyance until award of construction funding. The district is urged to improve its use of FIMS MD, implement FIMS UD, and initiate facility equipment inventory.	41%	95%	\$602,465	\$355,466	\$247,019	\$0	\$1,100,000	\$0	\$0	\$247,019	\$355,466	
51	Gallup	Gallup Junior High	Award is for planning and design to convert the existing junior high school to a high school serving grades 9-12 with a design capacity for 1,200 students. Upon completion of design, the district can submit an application for construction funding in a future awards cycle.	17%	62%	\$1,223,811	\$1,015,763	\$208,048	\$0	\$0	\$0	\$0	\$0	\$208,048	\$1,015,763
58	Roswell	Sunset Elem	This award is for planning, design and construction for classroom additions and renovations to the existing facility serving grades K-5, with a design capacity for 350 students. The district is encouraged to improve its preventive maintenance program through consistent use of FIMS PMD.	30%	70%	\$3,265,000	\$1,795,600	\$979,500	\$0	\$0	\$1,450,500	\$0	\$0	\$2,468,750	\$765,250
74	Tucuman	Tucuman High	Award is for planning & design of entire project, and construction funding for Phase 1 additions and renovations to adequacy of existing high school for grades 9-12, with a design capacity of 335. The district can submit an application for remaining construction funding in a future awards cycle. The district is also encouraged to improve its preventive maintenance program through implementation of FIMS PMD.	7%	93%	\$7,286,333	\$1,275,000	\$374,083	\$0	\$0	\$0	\$0	\$0	\$1,824,083	\$5,472,250
75	Clovis	Zia Elem	This award is for planning, design, and construction for renovations and upgrades of the existing facility, for a design capacity of 425 students serving grades K-6. The district can submit an application for construction funding in a future awards cycle. District is also encouraged to update their PM Plan.	7%	85%	\$1,417,322	\$1,133,858	\$283,464	\$0	\$0	\$0	\$0	\$0	\$283,464	\$1,133,858

77	Fort Sumner	Fort Sumner Combined School	Award is for planning, design, and construction of Phase 1 & 2 to renovate/replace existing campus to adequacy for grades K-12 with a design capacity 316. Award amount includes a partial adjustment of the local share with an advance of \$1,184,000. District needs to demonstrate improvement upon its preventive maintenance program through implementation of FIMS PMD. The district can submit an application for remaining phases of the project in a future awards cycle. Adjusting local share is contingent upon the district achieving the required residential property tax rate of 10 mills by September 1, 2008.	49%	51%	\$5,474,711	\$4,872,103	\$4,642,809	\$0	\$0	\$5,238	\$3,458,608	\$5,268	\$9,489,443
84	Grants/Cibola	Milan Elem	Award is for planning, design, and construction of classroom additions & upgrades to existing facility for grades K-6 and a design capacity for 462 students. Funding is inclusive of demolition costs for portions of the 1958 & 1960 additions per the recommendation of the structural report. Award does include an advance in construction monies for PED State General funded Pre-K only. Advance is to be repaid pursuant to agreement with PSCOC pending resolution of Pre-K capital funding issues and changes to the adequacy standards. The district is encouraged to implement FIMS UD, improve their preventive maintenance program through implementation of FIMS PMD, include facility their equipment inventory, and improve IT support to maintenance dept. to allow for full use of FIMS.	23%	77%	\$11,520,222	\$8,870,571	\$2,649,651	\$143,677	\$0	\$5,750	\$0	\$2,655,401	\$9,008,498
89	Truth Or Consequences	Arrey Elem	This award is for planning, design, and construction funds to demolish, renovate, and replace portions of the existing facilities to adequacy. Design capacity is for 168 students serving grades K-5. Award includes an advance of the state share of design of facilities for current PED state general funded Pre-K program. Advance is to be repaid pursuant to agreement with PSCOC pending resolution of Pre-K capital funding issues and changes to the adequacy standards. The district can submit an application for construction funding in a future awards cycle. The district is also encouraged to improve its use of FIMS MD and UD and improve preventive maintenance program through implementation of FIMS/ PMD.	57%	43%	\$5,750,131	\$2,472,556	\$3,277,575	\$80,235	\$0	\$0	\$0	\$3,277,575	\$2,552,792

101	Raton	Raton High	This award is for planning and design for renovation and additions to bring existing facilities to adequacy for 395 students, serving grades 9-12. This award also includes funds to temporarily patch the roof at the Main Building. Prior to any additional square footage for classrooms being authorized, the district must demonstrate to PSFA Staff the need by submitting detailed capacity and utilization analysis. The district can make application for construction funds in a future awards cycle once drawings are complete and passage of bond election for required match. The district is also encouraged to improve their preventive maintenance program through full implementation of FIMS PMD and completion of facility equipment inventory.	33%	67%	\$514,449	\$344,681	\$169,768	\$0	\$0	\$15,900	\$0	\$185,668	\$328,781
112	Ruidoso	Nob Hill Elementary	This award is for planning and design to renovate White Mountain ES to accommodate EDK & 3-4 DD students from Nob Hill, which is to be vacated. The district can submit an application for construction funding in a future awards cycle. The district is encouraged to improve its preventive maintenance program through implementation of FIMS PMD.	69%	31%	\$170,802	\$52,949	\$117,853	\$0	\$0	\$0	\$0	\$117,853	\$52,949

3	Espanola	Velarde Elem*	Due to site restrictions and land ownership issues at Velarde ES, funding at this site is not feasible at this time. If the district intends to continue operations at the Velarde site, then the district needs to submit a remodeling plan to bring the school up to current codes, alleviate the need for additional classrooms for any previous or future growth; and a financial plan demonstrating the district's ability to fund the operational and maintenance costs of separate facilities. Prior to consideration of future PSCOC funding, the district is required to demonstrate improved maintenance at all schools in the district through improved use of FIMS MD (document contract and materials costs); improve its preventive maintenance program through implementation of FIMS PMD; initiate a districtwide facility equipment inventory; and establish standardized custodial practices. District will have an offset carryforward of \$496,625.	38%	62%	\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0
54	Bernalillo	Roosevelt Elem	The district will revisit the school's current site and complete a thorough utilization study, in addition to an evaluation of the proposed new site to address access, utility availability issues, and shared field areas with existing Middle School. The district must improve its use of FIMS MD, reduce work order backlog to less than 60 days, improve preventive maintenance program through implementation of FIMS/PMD, and establish standardized custodial practices. Upon completion of these studies & demonstrated improvement in maintenance, the district can submit an application for funding in a future awards cycle.	45%	55%	\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0

NMCI Rank	District	Project Label	Description	Local Match %	State Match %	2007-2008 Partial Award Recommendation	2007-2008 Partial State Award Recommendation	2007-2008 Partial Local Award Recommendation	Advance PED State General Funded Pre-K \$1.5M	High Performance (HIP) \$4M	Offset	Allowed Waiver	Local Share of Total Net Award (After Offset/Waiver)	State Share of Total Net Award (After Offset & Waiver)
80	Espanola	Espanola Middle	The district needs to provide historical data justifying the need for a separate 7th grade facility and conduct a utilization study of the district's other Middle School and/or High School facilities to determine if space can be provided elsewhere. Any future award consideration will be contingent upon the district's demonstrated commitment to and consistent use of FIMS MD (document contract and materials costs), improvement of preventive maintenance program through implementation of FIMS PMD, initiate facility equipment inventory, and establishment of standardized custodial practices throughout all schools in the district.	32%	52%	\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0
581	Las Cruces	Cesar E. Chavez Elem	There is no current project to justify this request. The Council acknowledges the need for a new elementary on the east side due to growth. The district should work with PSFA staff to reevaluate schools that would justify construction of a new elementary school. The district is encouraged to proceed with the planning and design of a new elementary with their own resources, that will be credited to their local match if funding is made available in a future award cycle. The district is also encouraged to improve their use of FIMS MD, reduce work order backlog to less than 90 days, initiate facility equipment inventory, and make full use of FIMS UD.	33%	67%	\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0
731 112	Ruidoso	New Ruidoso Middle School 2007	The 2005-2006 PSCOC Award for Ruidoso Middle School included funding for grade levels 6-8. The relocation of the 5th grade to the New Ruidoso Middle School is the responsibility of the district. Previous contingent language requires submission of an approved demolition action plan of the old Middle school site. The PSCOC acknowledges the district's proposal to relocate the Gavilan Canyon Alternative School to the old Ruidoso MS contingent upon the district's submission and approval of a demolition/reuse action plan that requires the facilities to be brought up to adequacy at the district's own expense.	59%	31%	\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0	\$0

Notes:
 * The PSCOC does not approve the district's request to amend its previous 2005-2006 award for Alcatraz Elementary School, at this time.
 **this award includes \$264,000 from the previous 06-07 New Las Cruces HS award & \$150,000 from High Performance (HIP) funds
