Board Meeting Date: May 22, 2008

Submitted By: Originator – Barbara Browder
Department – Human Resources
Date – May 5, 2008

BAW 5-5-08

To Be Present By: Cathy Phillips

Approved By: Laura Garcia Date – May 5, 2008

Background and Summary:

There was a late release of this grant funding and an April transition to a new coordinator over the grant. At the initial development of the BAR for the grant projections of the percentages of the ERA and the ERA Retiree Health were less than the current mandatory benefit calculations. Therefore an adjustment was needed. The original projected number of Year 1, Level 1 teacher mentees was less; estimated 89, actual 86.5 (one left half-way through the year). This resulted in the overall excess funds of \$995.00 being requested to be transferred to Supply Assets. This with the current funded amount, would provide the funds to purchase additional technologies in the form of a camera, scanner, printer, and enfocus machine.

Recommendation:

Approval

Assigned to Board Agenda for Meeting of (Date): May 22, 2008
