GADSDEN INDEPENDENT SCHOOL DISTRICT PRE-REGISTRATION INFORMATION

Dear Parents,

We encourage you to review this handbook, along with A Guide to Career Clusters and Pathways, with your son/daughter concerning the requirements and course offerings, and then assist your child in developing a schedule for next year.

Students who plan to enroll in the Gadsden Independent School District should check this handbook carefully before completing the pre-registration work sheet. This handbook contains information concerning registration and graduation requirements, and A Guide to Career Clusters and Pathways contains descriptions of each course taught in the high schools. Information regarding college requirements, college tests, financial aid, scholarships, and career objective plans may be acquired from your counselor.

Students should be very careful in their selection of courses. Choice of courses at this time will determine the master schedule to be devised for the next school year. Requests will determine what courses will be offered and the number of class sections for each course. Careful course selection helps the student obtain the courses wanted.

Parents, you are encouraged to use this pre-registration handbook and the Guide to discuss and assist your child in the selection of courses. Your involvement in this process of course selection will greatly aid your child in making appropriate choices for their academic program toward graduation. Please feel free to call the school if you desire further information.

Sincerely,

Cynthia Nava, Superintendent

Planning Your Future: Career Pathways

This guidebook is designed to help you select courses during your high school years that will support your future education and employment plans. The majority of employment opportunities that provide people with a "living wage" require specific skills and education beyond high school. Determining which direction to go is not always easy, and at the end of your 12th grade year you will have lots of options. A way to look at this process is to imagine a highway system. Presently, the road has been pre-planned for you and you have had very little choice in what route you take to complete this first leg of the journey. You begin school in kindergarten and then you complete at 12th grade. After graduation, the road branches off in many directions. Consider them on-ramps to a new horizon of opportunity. There is a road leading to a 4-year university, another to the military or to a Community College. Once you leave high school, there are plenty of options, and you may find that you get on and off the "educational on-ramp" at many times in your life.

Another choice that you may make many times in your life is deciding what you want to do with your life in terms of your career. The world of work is divided into sixteen broad categories called clusters, such as Education and Training or Human Services. With each cluster there are pathways or different categories that employ people in different occupations. For example, in Education and Training there are three pathways: Administration and Administrative Support, Professional Support Services, and Teaching/Training. Within the Teaching/ Training pathway there are careers such as elementary teachers, coaches, and child care workers. This guide contains information about all sixteen clusters and which courses are offered at one or more of the high schools that you can take to start working towards your future occupation. Some even offer the opportunity to earn credentials while you are still in high school that can help you get a job when you graduate. Other clusters have pathways that connect you to the Dona Ana Branch Community College while you are still in high school and allow you to get an early start on the advanced education you will need for your career choice.

To help you decide on your "pathway" there are several tools that are available to you. First of all, your I-CAT advisor will guide you through the process of exploring and selecting a career cluster and pathway, in addition to helping you with Pre-Registration. Another tool is the *Career Cruising*TM online program, available at school or at home: **www.careercruising.com**. *Career Cruising*TM provides a Career Matchmaker, a section for exploring careers, another for exploring colleges and universities, and a Career Portfolio Tool, which allows you to store your interest inventory, build a resume, and document all your school, volunteer, and extracurricular activities. Finally, there is the One-Stop Career Center, which has plenty of information about different career options; what type of education, degree and/or certification is required; salaries; and future forecasts for employment.

This book is organized according to the sixteen clusters described on the next two pages, with course descriptions for each cluster. If you want to find a course quickly, check the back of the book for the index. It will tell you where you can find a specific course.

Take your time and make good decisions when you choose your courses. You can always change your pathway or cluster. Part of being a high school student is about exploring options. The intention of this book is to give you some ideas to think about as you continue your journey towards a productive and fulfilling life.

	The Sixteen Career Clusters
iculture, Food & Natural Resources	The production, processing, marketing, distribution, financing, and develop- ment of agricultural commodities and resources including food, fiber, wood products, natural resources, horticulture, and other plant and animal prod- ucts/resources.
Construction	Careers in designing, planning, managing, building and maintaining the built environment.
A/V Technology & Communications	Designing, producing, exhibiting, performing, writing, and publishing multime- dia content including visual and performing arts and design, journalism, and entertainment services.
Administration	Business Management and Administration careers encompass planning, orga- nizing, directing and evaluating business functions essential to efficient and productive business operations. Business Management and Administration career opportunities are available in every sector of the economy.
The Incation &	Planning, managing and providing education and training services, and re- lated learning support services.
Finance	Planning, services for financial and investment planning, banking, insurance, and business financial management.
Administration	Executing governmental functions to include Governance; National Security; Foreign Service; Planning; Revenue and Taxation; Regulation; and Manage- ment and Administration at the local, state, and federal levels.
Realth Science	Planning, managing, and providing therapeutic services, diagnostic services, health informatics, support services, and biotechnology research and development.
Spitality & Tourism	Hospitality & Tourism encompasses the management, marketing and op- erations of restaurants and other foodservices, lodging, attractions, rec- reation events and travel related services.
Technology	Preparing individuals for employment in career pathways that relate to families and human needs.
Services	Building Linkages in IT Occupations Framework: For Entry Level, Technical, and Professional Careers Related to the Design, Development, Support and Management of Hardware, Software, Multimedia, and Systems Integration Services.
97 av, Public Safety, Corrections & Security	Planning, managing, and providing legal, public safety, protective services and homeland security, including professional and technical support services.
mufacturing	Planning, managing and performing the processing of materials into interme- diate or final products and related professional and technical support activi- ties such as production planning and control, maintenance and manufactur- ing/process engineering.

Sales & Service	Planning, managing, and performing marketing activities to reach organ- izational objectives.
Figureering & Mathematics	Planning, managing, and providing scientific research and professional and technical services (e.g., physical science, social science, engineering) including laboratory and testing services, and research and development services.
ransportation, Distribution & Logistics	Planning, management, and movement of people, materials, and goods by road, pipeline, air, rail and water and related professional and techni- cal support services such as transportation infrastructure planning and management, logistics services, mobile equipment and facility mainte- nance.

Become a wise consumer and a productive adult. Learn to set goals, make decisions, and prioritize; manage money and time; deal with relationships; and develop yourself. Explore among the following: practical exercises on housing selection and furnishing, meeting transportation needs, food preparation, clothing and wardrobe building, in addition to specific topics, such as insurance, taxation, and consumer protection.

COURSE NUMBER/TITLE:	17134934/17132134/ Anatomy/Physiology 1 (AnatomyPhys1)
PREREQUISITE/GRADES:	Biology 1/ Grades 10, 11, 12
CREDIT:	1

Continue to explore and extend biological concepts studied in Integrated Science 1 and 2. Topics include cells and tissues and functional systems. Compare human anatomy to that of other mammals through virtual or hands-on mammalian dissection. Develop conduct, and share at least one individual experiment to investigate a concept or topic in depth. Concepts and terminology developed in the course provide a foundation for students interested in a medical or allied health field.

COURSE NUMBER/TITLE:	23054220/ Physical Education 2 (PhysicalEd2)
PREREQUISITE/GRADES:	Phys. Ed. 1, Instructor approval/Grades 10, 11, 12
CREDIT:	1
Develop physical skills throug	n individual, dual, and team activities.

Available Electives by Career Cluster-Continued

The following courses connect to one of the Sixteen Career Clusters that the Department of Labor uses to describe different occupational areas.

Agriculture and Natural Resources	Arts, AV Technology & Communication	Human Services	Health Services	Science, Technology, Engineering & Mathematics
Animal Science 1 & 2	Creative Writing	Life Skills	Anatomy & Physiol- ogy Physical Education 2	Environmental Science Astronomy

COURSE NUMBER/TITLE:

17514914/ **Environmental Science** (EvironSci)

PREREQUISITE/GRADE:

Biology 1/ Grades 10, 11, 12

CREDIT

Explore and extend environmental concepts studied in Integrated Science 1 and 2. Investigate human impact on ecosystems and propose solutions to problems. Examine current local and global issues such as recycling, water and air pollution, and conservation of living and non-living resources. Develop conduct, and share at least one individual experiment to investigate a concept or topic in depth.

COURSE NUMBER/TITLE:	17614914/17612114/ Astronomy (Astronomy)
PREREQUISITE/GRADES: CREDIT:	Phys. Sci., Algebra I/ Grades 10, 11, 12 1

1

Explore and extend space concepts studied in Integrated Science 1 and 2. Topics include the solar system; stars, galaxies, and interstellar bodies; and scientific theories about the origin and evolution of the universe. Develop conduct, and share at least one individual experiment to investigate a concept or topic in depth.

Elective Courses

COURSE NUMBER/TITLE:	08214000/ Student Aide (StudentAide)
PREREQUISITE/GRADE:	None/ Grades 12
CREDIT	1

Have the opportunity to work in one of several campus offices (front, attendance, guidance, athletic offices, in the library or audio-visual center, or with individual teachers), assisting the appropriate professionals with their duties.

COURSE NUMBER/TITLE:	08174100/ Drivers Education-Classroom Only (DriversEd)	
PREREQUISITE/GRADE:	Social Security Card/ Grades 9, 10, 11, 12	
CREDIT	1	
Become a safe driver on America's roadways by learning legal obligations and responsibility, rules of the world and traffic procedures, safe driving strategies and practices, and the physical and mental factors affecting the driver's capability (including alcohol and other drugs).

Work with your peers to investigate areas of interest. Group objectives may include improvement of research and investigatory skills, presentation skills, interpersonal skills; group process skills, and problem solving and critical thinking skills. Seminars aimed at juniors and seniors often include a college and career exploration and planning component.

Center for Career and Technology Education Courses

Important Note: This information is for Special Education students who attend the Center for Career and Technology Education (CCTE) in El Paso, Texas. Students who are NOT SPED students are NOT to be enrolled in these courses under any circumstances.

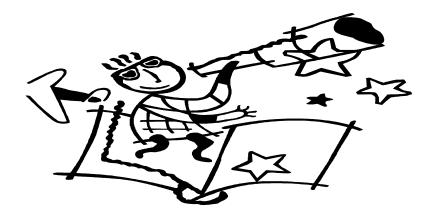

Based on the Individualized Plan of Education (I.E.P.), some students attend the **Center for Career and Technology Education** (CCTE) in El Paso, Texas. The following matrix translates the CCTE's courses and programs to the New Mexico ADS course numbers. The intent of this matrix is to insure that students receive appropriate credits for courses they attend at CCTE and that their transcript clearly identifies the courses/programs they were enrolled in. The italicized abbreviations under the ADS course title are what will appear on the student transcript.

Teamwork * Ethics and Legal Responsibilities * Employability and Career Development * Technical Skills

Planning, managing, and providing legal, public safety, protective services and homeland security, including professional and technical support services

Pathways	Sample Career Specialties/Occupations
Correction Services	Warden Jail Administrator Mid-level Manager • Program Coordinator and Counselor Public Information Officer • Correctional Trainer • Case Manager · Community Corrections Practitio- ner • Probation/ parole officer • Corrections Educator • Corrections Officer • Detention Deputy • Youth Services Worker • Facility Maintenance Workers • Transport Officer • Food Service Staff · Medical Staff • Dietitian · Support Staff
Emergency and Fire Management Services	Emergency Management and Response Coordinator • Emergency Planning Manager • EMT • Fire Fighter • Mgr/Supv. Of Fire Fighters • Forest Fire Fighter • Mgr/Supv. of Forest Fire Fighters • Forest Fire Inspector & Investigator • Hazardous Materials Responder • Dispatcher • Training Officer, Grant Writer and Coordinator • Rescue Workers
Security & Protective Services	Security Director • Corporate/Agency Security Director/VP • Corporate Director of Sales • Security Systems Designer/Consultant • Physical Security Specialist Consultant • Information Systems Security Specialist • Computer Forensics Specialist • Private/Corporate Investigator • Loss Prevention/Security Manager (e.g. Store, hotel) • Security Trainer/Educator • Security Sales Representative/Manager • Loss Prevention Specialist • Physical Security Assistant • Security Systems Technician (Install/maintain) • Investigative Assistant (private sector) • Secu- rity Trainer (Basics) • Security Sales Assistant • Transportation Security Supervisor • Informa- tion Security Assistant (Document Control) • Personnel Security Assistant • Executive Protection Officer (Private) • Supervisory Security officer (armed, unarmed) • Certified Security Officer (SPO, POST, Arrest Authority) • Armored Car Guard • Control Center Operator (e.g. ADT) (Monitoring Center) • Uniformed Security Technician • Loss Prevention Assistant • Uniformed Security officer (armed) • Computer Security Specialist • Computer Forensics Examiner • Ex- ecutive Protection Specialist • Gaming Surveillance Specialist • Information Security specialist • Information Technology Security • Armored Car Guards • Industrial Espionage Security Life Guard, Ski Patrol • Physical Property Security • Private Security Specialist
Law Enforcement Services	Animal Control Officer • Bailiffs • Child Support • Missing Persons • Unemployment Fraud Investigators • Criminal Investigators & Special Agents • Gaming Investigator • Bomb Techni- cian • Game Enforcement Officer • Highway Patrol Pilots • Immigration & Customs Inspectors • Mgr/Supv. Police & Detectives • Police Detectives and Criminal Investigators • Police, Fire & Ambulance Dispatchers • Police & Patrol Officers • Private Detectives & Investigators • Sher- iffs & Deputy Sheriffs • Training Officer • Transit & Railroad Police • Park Ranger • Evidence Technician • Federal Marshall
Legal Services	Administrative Law • Attorney • Case Management Specialist • Court Reporter • File and Document Manager • Information Officer • Investigator • Judge • Law Clerk • Legal Assis- tant • Legal Secretary • Magistrate Mediator/Arbitrator • Negotiator • Para legal

Planning, managing, and performing the processing of materials into inter- mediate or final products and related professional and technical support ac- tivities, such as production planning and control, maintenance, and manufac- turing/process engineering.	
Pathways	Sample Career Specialties/Occupations
Production	Assemblers Automated Manufacturing Technicians Bookbinders Calibration Technicians Electrical Installers and Repairers Electromechanical Equipment Assemblers Extruding and Drawing Machine Setters/Set-Up Operators Extrusion Machine Operators Foundry Work- ers Grinding, Lapping, and Buffing Machine Operators Hand Packers and Packagers Hoist and Winch Operators Instrument Makers Large Printing Press Machine Setters and Set-Up Operators Managers, Supervisors Medical Appliance Mak- ers Milling Machine Setters, Set-Up Operators Millwrights Operators, Tenders, Cutters/ Brazers, Soldering, Machine Operations Painters Pattern Model Makers Precision Lay- out Workers Precision Optical Goods Workers Welders
Manufacturing Production Process Development	Design Engineers Electrical and Electronic Technicians and Technologists Electronics Engi- neers Engineering and Related Technicians and Technologists Engineering Technicians Industrial Engineers Labor Relations Managers Manufacturing Engineers Manufacturing Technicians Power Generating and Reactor Plant Operators Precision Inspectors, Testers, and Graders Process Improvement Technicians Production Managers Purchasing Agents Supervisors
Maintenance, Installation & Repair	Biomedical Equipment Technicians Boilermakers Communication System Installers/ Repairers Computer Installers/Repairers Computer Maintenance Technicians Electrical Equipment Installers/Repairers Facility Electricians Industrial Electronic Installers/ Re- pairers Industrial Facilities Managers Industrial Machinery Mechanics Industrial Mainte- nance Electricians Industrial Maintenance Mechanics Industrial Maintenance Technicians I Instrument Calibration and Repairers Instrument Control Technicians Job/Fixture Designers Laser Systems Technicians Maintenance Repairers Major Appliance Repairers Meter Installers/Repairers Millwrights Plumbers, Pipe Fitters and Steam Fitters Security System Installers/ Repairers
Quality Assurance	Calibration Technicians = Inspectors = Lab Technicians = Process Control Technicians = Quality Control Technicians = Quality Engineers = SPC Coordinators
Logistics & Inventory Control	Communications, Transportation and Utilities Managers Dispatchers Freight, Stock, and Material Movers Industrial Truck and Tractor Operators Logistical Engineers Logisticians Material Associates Material Handlers Material Movers Process Improvement Technicians Clerks
Health, Safety and Environmental Assurance	Environmental Engineers = Environmental Specialists = Health and Safety Representatives = Safety Coordinators = Safety Engineers = Safety Team Leaders = Safety Technicians

Planning, management, and movement of people, materials, and goods by road, pipeline, air, rail and water and related professional and technical support services such as transportation infrastructure planning and management, logistics services, mobile equipment and facility maintenance.

Pathways	Sample Career Specialties/Occupations
Transportation Operations	Air/Space Transportation: Transportation managers—air • Airplane pilots/copilots • Com- mercial pilots • Flight engineers • Flight attendants • Dispatchers-air • Traffic managers • Air traffic controllers • Aircraft cargo handling supervisors • Airfield operations specialists • Other airlines operations and support jobs Rail Transportation : Transportation managersrail • Dispatchers-rail • Traffic managers • Locomotive engineers, • Locomotive firers • Rail yard conductors and yardmasters • Railroad brake, signal and switch operators (including train crew members and yard workers) • Rail yard engineers, dinkey operators, and hostlers • Other railyard and terminal operations and support jobs Water Transportation : Transportation managers—water * Dispatchers—water • Traffic man- agers • Captains • Mates • Pilots of water vessels • Sailors and marine oilers • Able seamen • Ordinary seamen • Ship and boat captains • Ship engineers • Motorboat operators • Bridge and lock tenders • Other port/harbor/waterway/marina operations and support jobs Road Transportation : Transportation managers—road • DispatchersTruck/bus/taxi, traffic managers • Truck drivers-heavy • Truck drivers-tractor-trailer • Truck driverslight or deliv- ery services • Bus drivers-transit and intercity • Bus drivers-school • Taxi drivers and chauf- feurs • Truck/bus/taxi terminal operations and support jobs Transit Systems : Transportation managers—mass transit • Dispatchers-bus • Traffic manag- ers • Dispatchers-rail • Traffic managers • Bus drivers-transit and intercity • Subway and streetcar operators • Other terminal operations and support jobs
Logistics Planning and Management Services	Logisticians • Logistics managers • Logistics Engineers • Logistics analysts • Logistics consultants • International logistics
Warehousing and Distribution Center Operations	Warehouse managers • Storage and distribution managers • Industrial and packaging engi- neers • Traffic, shipping and receiving clerks • Production, planning, expediting clerks • First- line supervisors/managers of helpers • Laborers, and material movers-hand • First-line super- visors/managers of transportation and material-moving machine and vehicle operators • Laborers and freight, stock and material movers, hand • Car, truck and ship loaders • Packers and packagers-hand • Other packaging/packing/material handling and moving jobs
Facility and Mo- bile Equipment Maintenance	Facility: Facility maintenance managers and engineers • Industrial equipment mechanics • Industrial electricians, • Electrical/electronic technicians • Other facility/terminal maintenance jobs Mobile Equipment: Mobile equipment maintenance managers • Electrical and electronic installers and repairers—transportation equipment • Mobile heavy equipment mechanics <u>Air/Space</u> —Aerospace engineering and operations technicians • Aircraft mechanics and ser- vice technicians • Airframe mechanics • Power plant mechanics • Aircraft engine specialists • Aircraft body and bonded structure repairers • Avionics technicians. <u>Water</u> —Motorboat me- chanics • Ship mechanics and repairers • Motorboat mechanics • Automotive/truck mechanics and body repairers <u>Rail</u> —Rail car repairers • Signal and track switch repairers • Rail loco- motive and car mechanics and repairers <u>Road</u> —Electronic equipment installers and repair- ers—motor vehicle • Automotive body and related repairers • Automotive glass installers and repairers • Automotive service technicians and mechanics • Automotive master mechanics • Automotive specialty technicians • Bus and truck mechanics and diesel engine specialists • Mo- torcycle mechanics • Bicycle repairers • Tire repairers and changers

Planning, management, and movement of people, materials, and goods by road, pipeline, air, rail and water and related professional and technical support services such as transportation infrastructure planning and management, logistics services, mobile equipment and facility maintenance.

Pathways	Sample Career Specialties/Occupations
Transportation Systems/ Infrastructure Planning, Management, and Regulation	<u>General—Intermodal</u> Urban and regional planners • Civil engineers • Engineering techni- cians • Surveying and mapping technicians • Government service executives • Environmental compliance inspectors <u>Air/Space</u> —Air traffic controllers • Aviation inspectors <u>Road</u> —Traffic engineers • Traffic technicians • Motor vehicle inspectors • Freight inspectors, <u>Rail</u> —Railroad inspectors <u>Water</u> —Marine cargo inspectors • Vessel traffic control specialists <u>Transit</u> —Public transportation inspectors <u>Other</u> Other government agency managers • Regulators • Inspectors, other federal/state/local transportation agency jobs
Health, Safety and Environmental Management	Health and safety managers • Industrial health and safety engineers • Environmental scien- tists and specialists • Environmental science and protection technicians • Environmental manag- ers and engineers • Environmental compliance inspectors * Safety analysts
Sales and Service	Marketing managers, • Sales managers • Sales representatives—transportation/logistics ser- vices • Reservation, travel and transportation agents/clerks • Cargo and freight agents • Customer service managers, • Customer service representatives • Customer order and billing clerks • Cashiers, counter and rental clerks
