63286 9/1/2010 7 \$0.00

Medium Work In Progress SPED DEPT. 9/1/2010 10:43:25 AM

Sotelo, Enrique

We have a 2 new SCC classrooms at GE and CHE. These classrooms have some children that are Autistic and are sensitive to bright lights. Do you remember what we did at Vado in the DSC classroom there? You were able to bring in different lights so the classroom was not very bright. Could this be done to these classrooms and what would the price be? Good morning,

The electrician has found a vendor that carries the light covers and has generated the request. Have you been able to generate the work order along with room #s and sites. If so could you share the #s with me so that I may put them on the request.  
Mike, the number for the classroom are as follows:  
Gadsden Elementary RM202  
Chaparral Elementary RM208

Margaret Villalobos

63346 9/2/2010 6 \$0.00

Ambriz, Jose  
The unit here at the Maintenance Office keeps freezing up and it seems to happen mid day when it's really hot. We had this problem last summer too. Do you think we could have the unit replaced with a Heating/Cooling Unit?

PS....It also vibrates a lot.

Medium	Work In Progress				8/30/2010 11:18:40 AM				
--------	------------------	--	--	--	-----------------------	--	--	--	--

Ambriz, Jose  
Joe Marquez, State Mechanical Inspector called me regarding the HVAC Job in the Computer Labs. Apparently the design calls for a common return air through the attic. However there appear to be firewalls between the classrooms that he believes will limit the return. He said he talked to John Find on these but John assured him there was enough penetrations through the walls for the return. He advised us to verify this was the case.

Alfredo Holguin
