Background and Summary:

We have been notified by the Public Education Department that our District is receiving \$201,607.65 from a special state appropriation for the purchase of science instructional material supplies (kits, kit refills, or supplies needed for inquiry or project based science instruction). These supplies must be used during regular instructional hours and are not intended for after school programs. The funding is limited for use in grades 6-8 and will be utilized by all elementary and middle schools . We respectfully request approval for this budget adjustment.

Recommendation:

Approval.
