Dear Parent:

As part of our effort to provide a school which is effective in meeting the academic, emotional and social needs of your son/daughter, we have published the Student Handbook that can be found on the District website, www.gisd.k12.nm.us. We are requesting that you read and discuss it with your son/daughter. As educators, we feel strongly that the success of students is dependent upon the cooperation of the school and family in establishing positive educational and behavioral goals for your children.

After you have read the handbook, please sign this letter below and return it to your child's teacher. We will keep it on file as documentation that you and your son/daughter understand what is expected of students when they are in attendance. If you do not have access to a computer you can come by the school and use one of our computers or request a copy of the Student Handbook from your son/daughter's school.

If you have questions, please call your child's school principal's office.

Respectfully,

Efren Yturralde
Superintendent

STUDENT HANDBOOK

The purpose of the *Student Handbook* is to give Gadsden Independent School District (GISD) students and their parents an understanding of the general rules and guidelines for attending and receiving an education in our schools. Students, parents, and staff need to be familiar with the *Discipline Policies*, which sets out the consequences for inappropriate behavior. The *Discipline Policies* are required by law and are intended to promote school safety and a positive atmosphere for learning.

This document was developed and reviewed with the assistance of administrators, teachers, students, and parents over multiple years. In case of conflict between Board Policy and the provisions of the *Student Handbook*, the Board Policy most recently adopted by the Board will prevail. Students and parents should be aware that this document is reviewed annually since policy adoption and revision is an ongoing process. These changes will generally supersede the provisions found in the *Handbook*, which will be obsolete by the newly adopted policy. The *Handbook* is not a contract between the school and parents or students. It can be amended at any time at the discretion of the District. If the District revises the *Handbook* during the school year, the administration will attempt to communicate those changes to parents and students.

The campus administration may impose rules in addition to those found in the *Student Handbook* that apply to their particular campus needs. These rules will be posted and given to students. This *Handbook* is intended to inform all stakeholders of appropriate expectations.

MISSION STATEMENT

The Gadsden Independent School District will ensure that all students will learn by putting education first. The district will provide quality educational opportunities conducive to learning that will facilitate students' individual goals.

VISION

Excellence and equity in providing a positive, caring and academically stimulating environment for all students to achieve their full potential.

ACCELERATION (Subject-based, Middle School)

Subject-based acceleration in middle school refers to an eighth grade student participating in a high school credit course while attending middle school. Access to subject-based acceleration is open to all students, regardless of ELL, disability, socioeconomic, or gifted status. All considerations for subject-based acceleration shall take place within either the Student Assistance Team (SAT) process, or the IEP team process for students in special education.

High school credit classes which may be offered in the middle school, during the regular school day as electives, are Algebra I and Spanish I and II. Geometry and English I may also be offered in the eighth grade during a “zero” hour period. Algebra I shall be offered *in addition to* Eighth Grade Math and English I may be offered *in addition to* Eighth Grade Language Arts. The course content of high school credit classes may not be *merged* with required eighth grade classes, nor may high school credit courses be *substituted* for required eighth grade classes. Course availability may vary by campus.

In order to receive High School credit for courses taken in Middle School, the student must pass with a 60% or above. A mid-term and a final exam will be administered for all high school credit courses. Students may not take these courses again at the high school level if they have already passed them as the middle school level.

A Notice of Credit for these courses will be transmitted by an official letter/transcript from the middle school and sent to the Office of Superintendent, and the corresponding High School Principal and Counseling Department Chair.

For further information on Subject-based Acceleration in Middle Schools, please see Board Policy IKEB, Acceleration, and Regulation IKEB-R.

ACCIDENTS

All accidents should be reported immediately to the school nurse. If this is not possible at the time, students are to report all accidents to the school principal and/or assistant principal.

ALTA VISTA EARLY COLLEGE HIGH SCHOOL (AVECHS)

Alta Vista Early College High School is a blend of high school and college in a rigorous yet supportive program, compressing the time it takes to complete a high school diploma and the first two years of college. GISD students who enroll in Dual Credit courses have the opportunity to earn a high school diploma and an Associate’s degree or up to two years of credit towards a Bachelor’s degree upon completion of their high school careers. Students enrolled in Early College are subject to the rules, guidelines and calendars of both GISD and DACC.

ARTICULATED CREDIT (DACC)

Articulation is a program for high school students which offers the opportunity to mesh courses and programs of study between institutions in order to ensure educational continuity, and to facilitate the orderly, unobstructed progress of students from one institution to another as the student pursues completion of a degree program. These courses are for college credit, High School Counselors have a list of articulated courses.

ASSEMBLIES AND SPECIAL EVENTS

Assemblies will be held periodically for information and/or entertainment purposes. Students are to walk with their teacher to the assembly, sit in their designated location with the teacher, and exhibit appropriate behavior. Unnecessary talking, horse play, booing, throwing objects, and similar behavior is not allowed and may result in expulsion from the assembly and additional school consequences. Students are expected to show good spirit, sportsmanship, and school pride at all times. After the assembly, students are to walk back to class immediately. Do not stop for restroom or water at this time. Dismissal will be conducted by the administrator or teacher in charge.

ASSESSMENTS – District/State Requirements

Grades 3-12

In addition to routine tests and other measures of achievement, students at certain grade levels will take state-mandated assessments, such as SBA and PARCC, in the following subjects:

- Reading, annually in grades 3-11
- Math, annually in grades 3-11
- Science, annually, in grades 4, 7, 11
- Writing, annually in grades 3-11

Grades 4, 7 and 11 SBA / HSGA

Since the spring 2012 the New Mexico Standards Based Assessment (NMSBA) test administration has served a dual purpose as the accountability assessment (A–F School Rating System) and as the High School Graduation Assessment (SBA/HSGA). Meeting proficiency on the SBA is required for high school graduation. Beginning with the spring 2015 administration, the SBA will only assess Science and Spanish Language Arts.

Grade 3 – 11 PARCC

The Partnership for Assessment of Readiness for College and Careers (PARCC) is a consortium of States working together to develop a set of assessments that measure whether students are on track to be successful in college and their careers. These computer-based K–12 assessments in Mathematics and English Language Arts give teachers, schools, students and parents better information on whether students are on track in their learning. These assessments serve as tools to help teachers customize teaching and learning to meet student needs.

Grades 4, 7 and 11 - NMAPA

The New Mexico Alternative Performance Assessment (NMAPA) is an assessment for students with significant cognitive disabilities which recognize that although students start with different abilities all can learn. These tests measure learning over time and progress against standards (Expanded Grade Band Expectations). Beginning with the spring 2015 administration, the NMAPA will only assess Science and at the High School Level, Social Studies.

Grades 3 – 11 NCSC

The National Center and State Collaborative (NCSC) is a project led by five centers and 24 states to build an alternate assessment in Language Arts and Mathematics, based on alternate achievement standards (AA-AAS), which are directly linked to the Common Core. This assessment is for students with the most significant cognitive disabilities.

NMHSCE

The last Cohort of students eligible to take the New Mexico High School Competency Examination (NMHSCE) was the cohort of 2011. At this time, the NMHSCE should be administered only to individuals who have not passed all subtests of the NMHSCE or have not taken the examination at all. Individuals who have fulfilled other course and credit requirements may return within five years of exiting the school system to take and pass the NMHSCE even though they are not enrolled. The last opportunity for this test will be in the school year (Fall) 2016-2017.

Grades K-12 – ACCESS for ELL's

The purpose of Assessing Comprehension and Communication in English State-to-State (ACCESS) for English Language Learners is to allow students to demonstrate their level of proficiency through the performance indicators and to describe the spectrum of a learner's progression from knowing little to no English to acquiring the English skills necessary to be successful in an English-only mainstream classroom without extra support.

End-of-Course Exams

The End of Course exams (EOC's) used in Gadsden ISD are for the purpose of providing an Alternative Demonstration of Competency (ADC) in the academic content standards required for graduation.

Interim Assessments

High schools must administer interim assessments three times each year to 9th and 10th graders. Districts must administer approved interim assessments and can expand to other grade levels as appropriate.

ATTENDANCE – NEW MEXICO COMPULSORY SCHOOL ATTENDANCE ACT

Purpose

It is the intent of the New Mexico Compulsory School Attendance Act (NMCSAA) that school age persons receive an education and do not dropout or otherwise withdraw prematurely prior to completing an educational program. To that end, a school-age person shall attend public school, private school, home school or a state institution until the school-age person is at least eighteen years of age unless that person has graduated from high school or received a general educational development certificate. A parent may give written, signed permission for the school-age person to leave school in case of a documented hardship approved by the local superintendent. NMCSAA prohibits out-of-school suspension and expulsion as a punishment for unexcused absences and habitual truancy and allows withdrawal for non-attendance only after exhausting intervention efforts to keep students in educational settings.

NMCSAA Definitions

Attendance means students who are in class or in a school-approved activity. If a student is in attendance up to one half the total instructional time during a school day, the student will be counted as having attended one-half of a school day. If the student attends school for more than one-half of the total instructional time, the student will be counted as having attended for the full day.

Habitual truant means a student who has accumulated the equivalent of ten (10) or more unexcused absences within a school year.

Intervention means the partnering that schools engage in with other agencies to implement administrative remedies, provide services and provide support programs that aggressively reduce if not eliminate truancy in a school district or charter school.

School-age person means a person who is at least five years of age prior to 12:01 a.m. on September 1 of the school year and who has not received a high school diploma or its equivalent. A maximum age of twenty-one shall be used for a person who is classified as special education membership as defined in Section 22-8-21 NMSA 1978 or as a resident of a state institution.

Student in need of early intervention means a student who has accumulated five (5) unexcused absences in a school year.

Unexcused absence means an absence from school or a class for which the student does not have an allowable excuse pursuant to the compulsory school attendance law or rules of the local school board, governing authority of a private school, or governing board of a charter school.

ATTENDANCE - PROCEDURES

Elementary school teachers take attendance each instructional day once in the a.m., and one in the p.m. Secondary teachers take attendance each class period. A parent/guardian must notify the school that the student will be absent in accordance with the notification procedure established by the school. The parent shall call, e-mail, send note, or report absences in person immediately after the return of the students.

Excused absences may be for the following reasons with appropriate documentation:

- Illness (including chronic illness documented on an Individualized Health Plan, IEP, 504 Plan)
- Limited family emergencies; family deaths
- Medical, health or legal appointments
- Suspensions

- Religious commitment
- College visit
- Deployment of a military parent as defined in the “Military Children” procedural directive
- Limited extenuating circumstances as approved in advance by the school principal
- Pregnant or parenting student. (per Policy JIE, Pregnant/Parenting Student) A pregnant or parenting student (parenting a child under thirteen years of age) may be permitted excused absences for the pregnancy and for limited parenting purposes along with the opportunity to make-up work missed during the absence, provided the student communicates the pregnancy and parenting status to the appropriate school personnel.
 - Ten days of excused absences will be permitted for a student who provides documentation of the birth of the student's child and additional days of excused absence shall be permitted if deemed medically necessary by the student's physician for the pregnancy or care of the birthed child and reported to the school attendance office.
 - Four days per semester of excused absences, in addition to the number of allowed absences for all students (see cross referenced policies below) shall be permitted for students who provide appropriate documentation of pregnancy or that the student is the parent of a child under the age of thirteen needing care.
 - Additionally, the pregnant or parenting student shall be allowed at least a time period to make up the work the student missed that equals the number of days the student was absent.

Unexcused Absences – reasons include:

- Non-school sponsored activities or trips
- Family vacations outside of the normally scheduled school breaks.

Make-Up Work

- Students may complete work for all excused absences.
- For unexcused absences, and once a student is identified as a habitual truant (10 unexcused full day absences) make-up work may be provided for the student unless the principal decides otherwise.
- On the first day back to class, students are responsible for requesting make-up assignments.
- Failure to complete make-up work in the time allowed may place students at risk of not earning class credit.
- Students will have the opportunity to complete the work in a period of time equal to the number of days absent unless other arrangements have been mutually agreed upon by the student and the teacher.
- Parents are strongly encouraged to notify the office of student absences, including suspensions, and pick up work during the absence.
- Teachers may need 24 hours from time of the request to compile assignments.
- It is expected that students will take semester finals on the days that they are scheduled.
- Students will be allowed to make up finals if they are missed due to an excused absence as listed in this handbook.

Excessive Absences

- Schools will identify and provide intervention strategies for students with unexcused absences.
- School-related activities taking students out of school are not included when evaluating excessive absences.
- State law requires schools to withdraw a student after ten (10) consecutive days of absence, but only after the school has exhausted its efforts to keep the student in an educational setting through a variety of interventions.
- Schools will require approval from the office of the Director of Information Systems prior to dropping a student approaching ten (10) consecutive days absent. Schools may not use out of school suspension or expulsion as punishment for truancy.

School Messenger

Parents will be notified of a student's absence by School Messenger at the end of school day.

School Sponsored Activities

School sponsored means any activity in which the sponsor is in attendance or transportation is paid by the school district.

Official Daily Attendance

The District must submit student attendance to STARS reflecting attendance for every instructional day prior to 40th, 80th, and 120th reporting periods.

Documentation after an Absence

When a student is absent from school, the student - upon arrival or return to school- must bring a note signed by the parent that describes the reason for the absence. A phone call from the parent may be accepted, but the District reserves the right to require a written note.

Doctor's Note after an Absence for Illness

Upon return to school, a student must bring a statement from a doctor or health clinic verifying the illness or condition that caused the student's extended absence from school. Should the student develop a questionable pattern of absences, the principal may require a statement from a doctor or health clinic verifying the illness or condition that caused the student's absence in order to determine whether the absence or absences will be excused or unexcused.

BELL SCHEDULE

Each school will provide a separate bell schedule for their starting and ending times and class schedule.

BREAKFAST AND LUNCH

All students eating breakfast in the school cafeteria or classroom must remain in the cafeteria or classroom until they have completed their meal. All students are entitled to have access to a lunch period. When students are dismissed for lunch, they are to proceed to the cafeteria in a quiet, orderly and polite manner. All students must eat their lunch in the cafeteria unless they brought their lunch to school. Students are not to loiter in the cafeteria after they have eaten, except for during bad weather. Each student must take care of his/her own trash, tray, plate, etc. and must follow all cafeteria regulations. No soft drinks will be allowed in the cafeteria during lunch. Upon leaving the cafeteria, students must remain in designated areas and *may not leave campus*. All students are entitled to a free breakfast and lunch in the school cafeteria.

BULLYING and CYBERBULLYING**Bullying**

Bullying by another student means any repeated and pervasive written verbal or electronic expression, physical act or gesture, or a pattern thereof, that is intended to cause distress upon one or more students in the school, on school grounds, in school vehicles, at a designated bus stop, or at school activities or sanctioned events. Bullying includes, but is not limited to, hazing, harassment, intimidation or menacing acts of a student which may, but need not be based on the student's race, color, sex, ethnicity, national origin, religion, disability, age or sexual orientation.

Cyberbullying

Cyberbullying means electronic communication that Targets a specific student; is published with the intention that the communication be seen by or disclosed to the targeted student; is in fact seen by or disclosed to the targeted student; and creates or is certain to create a hostile environment on the school campus that is so severe or pervasive as to substantially interfere with the targeted student's educational benefits, opportunities or performance.

Any violence, threats, name-calling, bullying, unlawful harassment, intimidation, assault, battery, extortion, robbery, vandalism, and other victim-based misconduct that creates an intimidating, hostile, or offensive environment for students, regardless of motive or reason is explicitly prohibited. No person shall be subject to reprisals for good faith reporting, or participating in the investigation, of a potential violation of this policy. No employee or student may knowingly give false reports or information under this policy.

Reporting

It is the express policy of the Board and Superintendent to encourage students who are victims of such physical or verbal misconduct to report such claims. Students or their parents may report such conduct to the principal or assistant principal of the school using the Student Complaint Form. (Please see Board Policy Exhibit ACAA-E). Any student who is found to have engaged in conduct prohibited by this policy shall be subject to discipline, including, but not limited to suspension or expulsion, subject to applicable procedural requirements, and to any applicable limitations imposed by state and federal disabilities law.

For further information on Bullying and Cyberbullying, please see Board Policy ACAA, Bullying, Intimidation, and Hostile or Offensive Conduct and Policy JICD, Student Harassment/Bullying/Cyberbullying Prevention .

BUSES

The District makes school bus transportation available to students (1) one mile one way for students in grades kindergarten through six; (2) one and one-half miles one way for students in grades seven through nine; and (3) two miles one way for students in grades ten through twelve. This service is provided at no cost to students. Bus drivers are in charge of students while they are on school buses. Poor behavior may result in the loss of bus privileges and/or school sanctions.

School bus conduct regulations include the following:

- The driver is in charge of pupils when they are riding in the bus. The pupils must obey the drivers promptly. Pupils who do not obey rules and regulations may be reported to school officials. Transportation privileges may be revoked by school officials and/or bus contractor.
- Pupils should never stand in the traveled portion of the roadway while waiting for the school bus.
- Pupils who are compelled to walk a distance to meet the bus must walk on the side of the road to their left facing traffic, except on divided highways.
- Pupils are not to carry on unnecessary conversations with the driver while the bus is in motion.
- Use of tobacco or alcohol in any form shall not be permitted.
- Pupils shall not get on or off the bus or move about while the bus is in motion.
- Pupils must occupy the seats assigned to them by school officials or the bus driver. Pupils in less desirable seats may move into more desirable ones when the pupils assigned to the seat are not in the bus, and such moving may be done only when the bus is stopped and with the driver's approval.
- Pupils shall not at any time ride on the outside of the school bus.
- Pupils must not open or close bus windows without permission of the driver.
- Pupils must not extend their hands, arms, heads, or bodies through the bus windows.
- Pupils will not be permitted to throw any items inside or outside the bus while riding the bus.
- Pupils engaging in misconduct at the bus stop on their way to school or from school will be subject to disciplinary measures by school administration.
- Balloons will not be allowed on bus to or from school.

CAMPUS CLEANLINESS

Students are to keep the campus clean at all times and dispose of any trash in appropriate containers provided by the school.

CAREER AND TECHNICAL EDUCATION (CTE) PROGRAMS

Career-Technical Education (CTE) programs, which combine challenging academic coursework with relevant, career-focused content, are uniquely positioned to respond to this challenge. Gadsden's CTE programs provide students with the academic and technical skills necessary to succeed in a dynamic, knowledge based economy. Students participating in these programs are held to industry-based learning standards, which prepare learners for postsecondary education and high-wage, high-skill, and high-demand careers of their choice.

CHILD FIND

The Gadsden Independent School District has an affirmative, ongoing, obligation to identify, locate and evaluate all children with disabilities residing within the jurisdiction of the district who either have, or are suspected of having, disabilities and need special education as a result of those disabilities. Child Find applies to all children of public school age regardless of severity of the disability, whether a child is in the custody or under the jurisdiction of any public or private agency or institution, or whether a child has never attended or will never attend public school.

Child Find requirements also apply to highly mobile children such as migrant and homeless children, and children who are suspected of having a disability, even though they are advancing from grade to grade. School district personnel, a private or public agency or institution, or a parent may initiate a referral for an evaluation by contacting the administrator of the child's home school, if the child is currently enrolled in the district, or by contacting the Special Education Department at 575-882-6221.

CLASS RANK/HIGHEST RANKING STUDENT

In order to qualify for ranking in the top 10% of the graduating senior class, a student must complete his or her *entire* senior year (10 months) in the Gadsden Independent School District. To be eligible for such ranking, students who wish to graduate in less than four years or those transferring from another district must also complete their entire senior year in Gadsden ISD. High schools shall compute class rank after grades are stored and GPA is calculated.

CLASS SCHEDULES

All students are expected to attend school for the entire school day and maintain a class/course schedule to full fill each period of the day. Exceptions may be made occasionally by campus principal for students in grades 9-12 who meet specific criteria and receive parental consent to enroll in less than a full-day's schedule.

CLOSED CAMPUS and LATE ARRIVAL & EARLY DEPARTURE

Closed campus

Students are not allowed to leave the campus at any time during the school day without written parent permission and approval of the administration. All people (parents, siblings, other family and non-district personnel) wishing to see an enrolled student must report to the Front Office and follow school procedures. *Anyone needing to see or sign out a student must present a valid picture ID, and must be listed on the Contact Information in PowerSchool.* A sign-in and sign-out list will be placed in the main office for parents and must be used prior to students entering or leaving school during the day.

Visitors

Students may not bring visitors to school at any time. Any student not enrolled in school will be issued a trespass warning for first offense; second offense will be issued a citation by local authorities

Late Arrivals

COLLEGE CREDIT COURSES (see also DUAL CREDIT)

Starting in 11th grade every Gadsden ISD high school student has the opportunity to enroll in postsecondary courses through the Dual Credit (DC) program. This program provides access to academic or career-technical course options that deliver simultaneous credit toward high school graduation and a postsecondary degree or certificate. Courses offered for DC stem from agreements between high schools and accredited community colleges. While most students take basic core courses such as English, history, math and social science, coursework may include areas such as culinary arts or criminal justice, depending on the student's Next Step Plan and the various degree plans offered by each community college.

Dual credit courses are accessible for students within a range of academic aptitude and contribute to improvements in academic performance. Students who have taken courses for dual credit appear to perform satisfactorily in their courses, graduate from high school at a higher rate than their peers, require less first-semester remediation in postsecondary education, and are more likely to obtain a college degree within four years.

COMPLAINTS AND CONCERNS

The District realizes that situations may arise when parents disagree with a decision that affects their child or believe that a policy has been improperly applied to their child. In general, parent complaints should go through the following steps:

- Initially, parent complaints should be brought to the teacher involved. (Often the problem can be resolved through an informal conference with the teacher.)
- A parent conference will be scheduled with the teacher who will provide a written or oral response as to the determination of the conference.
- When a conference does not resolve the complaint, the parent may make a written/verbal request to the appropriate principal/designee for them to consider the matter.
- When a conference does not resolve the complaint, the parent may make a written request to the appropriate District representative for the Superintendent for them to consider the matter.
- If the problem is not resolved at that level, the parent may make a written request to have the Superintendent consider the matter.

If the problem is still not resolved, a written request should be submitted for the Board of Education to consider the matter at its next regular meeting. Individual Board of Education members cannot respond to parent complaints beyond referring the matter to the administration. In order for the Board to take action on a complaint, the established process must be followed.

For further information on Complaints and Concerns, please see Board Policy BEDH, Public Participation at Board Meetings; Policy BHD, Board Communications with the Public; and Policy KEB, Public Concerns/Complaints About Personnel.

CONDUCT (Board Policy JIC, Student Conduct)

School rules apply to all school events, including social events, and apply to both students and any guests they may invite to school functions. Students, including guests, are expected to observe and practice good behavior and acceptable conduct at all times. A student inviting a guest will share responsibility for the conduct of his or her guest.

Conduct Prohibited

- Any conduct intended to obstruct, disrupt, or interfere with teaching, research, service, administrative or disciplinary functions, or any activity sponsored or approved by the Board.
- Physical abuse of or threat of harm to any person on District owned or controlled property or at District sponsored or supervised functions.
- Damage or threat of damage to property of the District, regardless of the location, or to property of a member of the community or a visitor to the school, when such property is located on District controlled premises.
- Unlawful use, possession, distribution, or sale of tobacco, alcohol, or drugs or other illegal contraband on District property or at school-sponsored functions.
- Conduct or speech that violates commonly accepted standards of the District and that, under the circumstances, has no redeeming social value.
- Failure to comply with the lawful directions of District officials or any other law enforcement officers acting in performance of their duties, and failure to identify themselves to such officials or officers when lawfully requested to do so.
- Violation of District rules and regulations
- Engaging in any conduct constituting a breach of any federal, state, or city law or duly adopted policy of the Board.
- Carrying or possessing a weapon on school grounds.

Any student who violates these policies and regulations may be subject to discipline up to expulsion, in addition to other civil and criminal prosecution. These punishments may be in addition to any customary discipline that the District presently dispenses. For further information, please see Board Policy JIC, [Student Conduct](#).

COUNSELING

Academic Counseling

Students and their parents are encouraged to talk with a counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation procedures. Each spring, students in grades 6-11 will be provided information on anticipated course offerings for the next school year and other information which will help them make the most of academic and CTE opportunities.

To plan for the future, each student should work closely with the counselor in order to enroll in high school courses that best prepare him or her for attendance at a college, university, or technical school, or pursuit of some type of advanced education. The counselor will also provide information on entrance exams and application deadlines, as well as information about automatic admission to state colleges and universities, financial aid, housing, and scholarships.

Personal Counseling

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional issues, or substance abuse. The counselor may also make available information about community resources to address these concerns. A student who wishes to meet with the counselor should make arrangements through the Counseling Center.

COURSE CREDIT

A student in grades 9-12 will earn credit for a course if the final grade is 60 or above. For a two-semester course (1 credit), the student's grades from both semesters will be averaged and credit will be awarded if the combined average is 60 or above.

COURSE FEES

See High School and Middle School Pre-Registration Handbooks.

DELIVERIES TO STUDENTS

Students are not allowed to receive outside deliveries for special events and occasions including, but not limited to, Birthdays, Valentine's Day, Holidays, and Anniversaries, etc. Parents may bring necessary items to the school, for example, PE clothes, homework, text books, uniforms, etc. These items will be delivered to the front desk of the school and then to the students by school staff.

DESERT PRIDE ACADEMY

Desert Pride Academy (DPA) offers a non-traditional educational environment that provides the flexibility and support needed for students to complete their high school program. The academic focus is on the core subjects of language arts, mathematics, social studies, and science, in addition to a limited number of electives that allow for an individualized self-paced program. The population is composed of students in dropout recovery, over-aged students, and students referred for long-term suspension. The Principal of Desert Pride Academy shall have flexibility in applying District rules and regulations in order to meet the unique needs of DPA students, and shall always be involved in the decision-making process to place a student at DPA. For further information, please contact the Desert Pride Academy at 575-881-0142.

Permissible Penalties

The range of penalties that may be imposed for violations of student discipline rules include, but are not limited to, the following:

Discipline Requirements for Students with Disabilities

Before an identified student with disabilities (under IDEA or Section 504) can be removed from his or her current placement for disciplinary reasons for *more than ten (10) school days*, a Manifestation Review must be conducted by the student's IEP team (or Section 504 team). The purpose of the Review is to determine if the behavior precipitating the proposed removal was or was not a manifestation of the student's disability. If the behavior is found not to be a manifestation of the student's disability, the student may be disciplined in the same manner, and for the same length of time as a student without disabilities who committed the same offense, *except* that a student identified under IDEA (but not under Section 504) *is still entitled to FAPE*, although at an alternative educational setting determined by the student's IEP team. If the behavior in question was found to be a manifestation of the student's disability, the student (whether IDEA or Section 504) cannot be subjected to disciplinary action for the behavior, but the IEP or Section 504 team may choose to modify the student's IEP or 504 Plan, including changing the student's placement, as deemed *educationally appropriate*, but may not do so for

disciplinary reasons. For further information regarding the disciplining of students with disabilities, please call the Special Education Department at 575-882-6221.

Students may access their Edgenuity online course from a computer with internet connection from school, home or elsewhere. Students may enroll in an Edgenuity course after consulting with a counselor and site administrator. Edgenuity course grades are recorded on student transcripts and figured into student grade point averages once the course has been completed. GISD teachers may use Edgenuity coursework as enrichment or as a part of their classroom instruction.

GISD students who enroll in Dual Credit courses have the opportunity to earn college credit and high school elective credits at the same time. Course topics cover a wide range of subjects and materials. Students enrolled in Dual Credit are subject to the rules, guidelines and calendars of DACC, NMSU, and ENMU.

Eligibility Criteria

11th and 12th grade students within the District who have a 2.0 GPA, parent permission and no more than 5 absences (Principals' discretion) may be eligible for Dual Credit.

All sites have an All Hazards Team and a specific Hazard Plan. This plan will be available for review at each site, and students will be instructed on emergency procedures.

END-OF-COURSE (EOC) ASSESSMENTS

The EoC assessments measure a student's proficiency in particular subjects. Starting in 2014, passing the EoCs will be the primary way in which students can demonstrate competency in Social Studies and Writing, which are not assessed on Standards Based Assessments (SBA) or the Partnership for Assessment of Readiness for College and Careers (PARCC). Students are expected to pass one EoC in a subject area. If students do not pass the initial EoC for a course within a subject area, the student may take an EoC for a different course within the subject area.

ENGLISH LANGUAGE LEARNERS (ELLs)

English Language Learners (ELLs) are students who are unable to communicate fluently or learn effectively in English. They are sometimes referred as Limited English Proficient (LEP). These students are entitled to receive specialized services from the district. To determine whether they qualify for services, they must complete a formal assessment of their English Literacy using a placement test (WAPT). They are tested in reading, writing, speaking and listening. The district will provide these students with alternative language programs, specialized services or accommodations based on the proficiency level results. A yearly assessment (ACCESS) will be conducted to determine continued eligibility for academic services.

EXTRACURRICULAR ACTIVITIES - ATHLETICS, CLUBS AND ORGANIZATIONS

The right of students to participate in extracurricular activities shall be dependent only upon their maintaining the minimum academic and behavioral standards established by the Board, and their individual ability in the extracurricular activity. Students who volunteer for extracurricular activities, such as athletics, band, chorus, etc., are subject to the standards of dress as defined by the sponsors of such activities.

Charter School Student Participation (Policy JJIB, Interscholastic Sports)

Charter school students in grades seven (7) through twelve (12) may participate in School District extracurricular activities sanctioned by the New Mexico Activities Association in the School District attendance zone in which the student lives (participating in only one [1] public school program) if they meet eligibility requirements other than enrollment and if the charter school does not offer such activities sanctioned by the New Mexico Activities Association.

Home Schooled Student Participation (Board Policy JJIB)

Home Schooled students may participate in three (3) School District athletic activities sanctioned by the New Mexico Activities Association in the School District attendance zone in which the student lives if they meet the eligibility requirements other than enrollment in the school.

Health and Safety of Participants (Board Policy JJIB)

A coach shall not allow a student athlete to participate in a school athletic activity on the same day a coach, a school official or a student athlete reports, observes or suspects that a student athlete exhibits signs, symptoms or behaviors consistent with a brain injury or has been diagnosed with a brain injury.

A coach may allow a student athlete who has been prohibited from participating in a school athletic activity to participate in a school athletic activity no sooner than one (1) week after the student athlete has received a brain injury and only after the student athlete:

- no longer exhibits any sign, symptom or behavior consistent with a brain injury; and
- receives a medical release from a licensed health care professional.

Extracurricular Activity Eligibility (Board Policy JJJ, Extracurricular Activity Eligibility)

It is necessary to have the interscholastic extracurricular activities function within a realistic framework of control. In order that overenthusiastic students do not place a social or athletic function on a higher plane than the academic program, the following policy will be adhered to:

- All classwork counted for eligibility must be acceptable for graduation.
- The student must be enrolled in more than half of the school's regular class schedule.
- Regular attendance must be maintained and no more than fifteen (15) days or the same class more than fifteen (15) times may be missed each semester due to interscholastic extracurricular activities.

The eligibility criterion for interscholastic participation shall be either one or the other of the following:

- Following the semester, a cumulative passing grade average of 2.0 on a 4.0 scale adjusted for honors points with no more than one (1) F or failure (only semester grades may be used and only at the beginning of the semester) or,
- The grades from the grading period immediately preceding participation must be a 2.0 on a 4.0 scale adjusted for honors points with no more than one (1) F or failure.

Eligibility for participation in extra-curricular activities shall be determined at the end of each grading period or as required by campus. If the student does not meet the eligibility requirements the penalty will be removal from participation in any athletic team or extracurricular performances or travel. A student that demonstrates academic progress toward eligibility may practice with the team or group.

Students whose behavior presents a problem or jeopardizes school discipline may be ineligible for participation in extracurricular activities until such time as their behavior warrants reinstatement.

FEES AND FINES

Students are responsible for ensuring that all fees, fines, and charges due are paid. Upon withdrawal or graduation all debts must be cleared. No records or graduation diplomas will be released until all debt is cleared. Students may not participate in the commencement exercises unless they have successfully completed the requirements for graduation and paid all fees, fines, and charges due.

FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT (FERPA)

FERPA means rights, pursuant to 34 CFR Part 99, afforded to parents and students over 18 years of age with respect to the student's education records, that include the right to inspect and review the student's education records within 45 days, the right to request amendment to the student's education records for various reasons, the right to consent or refuse to consent to disclosures of personally identifiable information in the student's records except for those records FERPA authorizes disclosure without consent, and the right to file a complaint with the U. S. Department of Education concerning non-compliance with FERPA. If a parent or eligible student believes that the District is violating the FERPA, that person has a right to file a complaint with the U.S. Department of Education. The address is:

The Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605
Telephone number: (202) 260-3887

FIRE DRILL

All students will follow fire drill rules and procedures as posted at each individual school campus.

FOOD & BEVERAGE CONSUMPTION IN CLASSROOM

No food, beverages or candy will be taken into and/or consumed in any classroom during any instructional period without the permission of the Administration as per district Wellness guidelines (see Policy JL, [Student Wellness](#)).

FUND-RAISING

Student groups or classes and /or parent groups may be permitted to conduct fund- raising drives for approved school purposes with prior approval from principal. All fund-raising activities will be in accordance with Board Policy JJE, [Student Fund-Raising Activities](#).

GANG ACTIVITIES/SECRET SOCIETIES (Board Policy JICFR, [Secret Societies and Gang Activity](#))

Gangs that initiate, advocate, or promote activities that threaten the safety or well-being of persons or property on school grounds or disrupt the school environment are harmful to the educational process. The use of hand signals, graffiti, or the presence of any apparel, jewelry, accessory, or manner of dress or grooming that, by virtue of its color, arrangement, trademark, symbol, or any other attribute indicates or implies membership or affiliation with such a group is prohibited because of the disruption to educational activities that results from such activities or dress. It is the District's position that such activities and dress also present a clear and present danger to other District students and to District staff members.

Any activity involving an initiation, hazing, intimidation, assault, or other activity related to group affiliation that is likely to cause or does cause bodily danger, physical harm, or personal degradation or disgrace resulting in physical or mental harm to students or others is prohibited.

If the student's dress is in violation of this regulation or a District policy, the principal will ask the student to make the appropriate correction. If the student refuses, the parent/guardian may be notified and asked to make the

necessary correction. The principal will coordinate with law enforcement regarding the latest gang signs, symbols and actions to maintain consideration for constitutionally-permitted activities and speech.

GIFTED EDUCATION

In New Mexico, Gifted Education is under the umbrella of Special Education. In addition to annual screenings to identify potential students for gifted services at elementary schools, generally in the third grade, any person, including teachers, parents, and students, can refer a student for an evaluation for Gifted Education. Services are individualized, based on each student's unique strengths and weaknesses, and are identified using the special education IEP (Individualized Educational Plan) process. For information on referral/screening procedures, eligibility requirements and service options, please see the campus administrator or contact the Special Education Department at 575-882-6221.

GRADE CLASSIFICATION (High School)

Once a student enters a PED regular public school, these schools are responsible for assuring that students progress through the H1, H2, H3 and H4 (Cohort) system assuring that students progress at an expected pace.

GRADING GUIDELINES

- Kinder – First grade will use a developmental rubric to report progress to parents.
- Alpha grades will be used for 2nd through 12th grade during the 2015-2016 School year.
- The 0 to 100 numeric range will be based on:
 - A = 90-100
 - B = 80-89
 - C = 70-79
 - D = 60-69
 - F = 0-59

Grades shall always reflect academic performance skill levels and may not be used for disciplinary purposes.

- **Pre-AP and AP courses** are weighted based on the following grade scale from 70 to 100 at the end of the course.
- **A numeric system of grades (0-100)** will be entered by teachers into an electronic grade book (PowerSchool) for every assignment created and will be reported to parents by an electronically produced report card every 9 weeks.

Grade Reporting for Elementary Schools

Second – 6th Grades will use a standardized alphabetic grading system. Based on A, B, C, D, etc., these grades must be entered in PowerSchool in Teacher grade book.

Grade Reporting for High School

GPA will be determined by the total grade points earned. Grade points will be figured based upon the credited courses.

Grade Reporting for Student Transferring from Foreign Countries and Other School Districts

Students transferring from a foreign country should present their transcript to the counselors to be evaluated as follows:

- Only Grade 3 of *secundaria* (U.S. Grade 9) should be reviewed along with grades 1, 2, and 3 of *preparatoria* (U.S. grades 10, 11, 12). Only those courses with a final grade of an A, B, C or D (A = 95, B = 85, C = 75, D = 65) will be counted for credit.
- The students may transfer half-credits if earned under a semester system.

- *Grade conversion: Numeric grades based on a scale of 10 are converted into percentages/letter grades as follows:

9-10	=	90-100	=	A
8	=	80	=	B
7	=	70	=	C
6	=	60	=	D
5	=	50	=	F (No Credit Allowed)

(*Numeric grades with decimals are not to be rounded off, a 7.9 is a 79, which is a C)

- Students enrolling with transcripts from countries with dissimilar systems will be evaluated on an individual basis.
- Foreign exchange students may only be classified as 11th grade students and are not eligible to graduate from Gadsden Independent School District.
- Persons who have successfully completed the equivalent of U.S. high school in their country of origin are NOT eligible to matriculate in high school in New Mexico.

Procedural requirement for translating Alpha Grade to Numerical Grade

A = 95
 B = 85
 C = 75
 D = 65
 F = 55

Special Education Grading (Policy IKA, Grading/Assessment Systems)

Grades reporting achievement of special education students not taking regular education classes shall be given on a basis commensurate with the students' abilities and based on their individual progress rather than in competition with classmates. The permanent record cards for such students shall indicate enrollment in special education for those classes. Parents of special education students shall be counseled regarding the significance of the grading system in order to avoid misinterpretation of the achievement grade.

GRADUATION

Requirements for a Diploma for a Student Enrolled in High School for the 2015-2016 School Year

To receive a high school diploma, a student who is enrolled in high school prior to the 2015-2016 school year must successfully:

- Complete the required number of course requirements established by the state and any additional credits required by District;
- Achieve passing scores on mandated assessments

Testing Requirements for Graduation

Students must attempt Reading and Math on the PARCC three times and Science on the HSGA two times before implementing a passing score on an ADC. If students do not fulfill this expectation, they may move on to the ADC with PED approval on a submitted ADC Implementation Application. *PED does not approve waivers with the rationale that a student already passed an ADC.*

- Reading: pass HSGA or use ADC
- Math: pass HSGA or use ADC
- Science: pass HSGA or use ADC
- Writing: pass one writing EoC or use ADC
- Social Studies: pass one social studies EoC or use ADC

Graduation Expenses

Because students and parents will incur expenses in order to participate in the traditions of graduation- such as purchase of invitations, senior ring, cap and gown, and senior picture- both the student and the parent should monitor progress towards completion of all graduation requirements for graduation.

Graduation Attire

Graduation is a formal event. Proper attire is required for participation in the graduation ceremony. Please refer to the campus graduation contracts for specific requirements.

Scholarships and Grants

Information on scholarships and grants is available through the campus Counseling offices.

Graduation Programs of Study/Options for Students with Disabilities (see Board Policy IKF, Graduation)

For students with disabilities, the Individualized Educational Program (IEP) team is responsible for determining whether a student with disabilities has completed a planned program of study making him/her eligible to receive a diploma. Graduation plans must be part of all IEP's beginning with the 8th grade IEP. Upon completion of a planned program of study the student will be awarded a New Mexico Diploma of Excellence. A student may be awarded a diploma after completing a program of study under one of the following Graduation Options: Standard, Career Readiness or Ability. A student's entitlement to FAPE ends with the receipt of a regular diploma under the Standard Option. A student's right to FAPE does not end with the receipt of a diploma under the Career Readiness Option or the Ability Option.

Standard Option/Program of Study

A standard program of study is based upon meeting or surpassing all requirements for graduation based upon New Mexico Standards for Excellence with or without reasonable modification of delivery and assessment methods. In addition, a student shall pass all sections of the current state graduation examination(s) under standard administration or with state-approved accommodations, and shall meet all other standard graduation requirements of the District.

Career Readiness Option/Program of Study

A career readiness program of study is based upon meeting the State Board of Education's Career Readiness Standards with Benchmarks as defined in the IEP with or without reasonable modifications of delivery and assessment methods. In addition, the student shall take the current state graduation examination(s) under standard administration or with state-approved accommodations, and achieve a level of competency (LOC) pre-determined by the student's IEP team. The student shall earn at least the minimum number of credits required by the District for graduation through standard or alternative courses that address the employability and career development standards with benchmarks and performance standards, as determined by the IEP team. Course work shall include a minimum of four (4) credits of career development opportunities and learning experiences that may include any of the following: career readiness and vocational course work, work experience, community-based instruction, student service learning, job shadowing, mentoring or entrepreneurships related to the student's occupational choices.

Ability Option/Program of Study

An ability program of study was developed for students who have a significant cognitive, disability or severe mental health issues. The IEP goals and functional curriculum course work shall be based on employability and career development standards with benchmarks and performance standard, as determined by the IEP team. Students in this program of study shall earn the minimum number of credits or be provided equivalent educational opportunities required by the District, with course work individualized to meet the unique needs of the student through support of the IEP. In addition, a student shall take either the current state graduation examination(s) under standard administration or with state-approved accommodations, or the state-approved alternate assessment. The student shall achieve a level of competency pre-determined by the student's IEP team in the current graduation examination or the state-approved alternate assessment, and meet all other graduation requirements established by the IEP team.

The IEP team is responsible for determining whether the student has completed a planned program of study based on the student's strengths, interests, preferences, identified educational and functional needs and long-term educational or occupational goals, making the student eligible to receive either a diploma or a conditional certificate of transition. The District shall provide each student, who has an IEP and who graduates or reaches maximum age for special education services, a summary the student's academic achievement and functional performance (SOP), which shall include recommendations on how to assist the student in meeting post-secondary goals.

Conditional Certificate of Transition

IEP teams may use a conditional certificate of transition in the form of a continuing or transition IEP when a student has completed the high school portion of his or her education, and is on track for graduation, but the student still has transition or academic needs that must be addressed by school staff and adult service providers. In these instances, a student may receive a conditional certificate of transition that allows him or her to participate in graduation activities and continue toward obtaining the high school diploma based on a plan to implement transition services. The certificate is not a graduation option for students with disabilities. A certificate of any type does not end a student's right to a free appropriate public education (FAPE). The certificate with follow-up plan of action allows for assistance with accessing adult services, seeking and maintaining employment, or pursuing post-secondary training with assistance. The follow-up plan of action must be in the form of a continuing or transition IEP and it must identify responsibilities of the student, parents, and the school to ensure the student receives a diploma. The student receives the diploma upon successful completion of the updated and continuing IEP goals and transition outcomes.

A student who receives special education services may be granted a conditional certificate of transition in the form of a continuing or transition IEP when:

1. The IEP team provides sufficient documentation and justification that the issuance of a conditional certificate of transition for an individual student is warranted;
2. Prior to the student's projected graduation date, the IEP team provides prior written notice stating that the student will receive a conditional certificate of transition;
3. The district ensures that a conditional certificate of transition is not a program of study and does not end the student's right to FAPE;
4. The district ensures that a conditional certificate of transition entitles a student who has attended four years or more of high school to participate in graduation activities, and requires that the student continue receiving special education supports and services needed to obtain the high school diploma;
5. The district ensures that, prior to receiving a conditional certificate of transition, the student has a continuing (C) or transition (T) IEP;
6. The student's continuing or transition IEP outlines measures, resources and specific responsibilities for both the student and the district to help ensure that the student receives a diploma.

A student who does not return to complete the program of study as outlined in the continuing or transition IEP will be considered as a dropout. A student who receives a conditional certificate of transition is eligible to continue receiving special education services until receipt of a diploma or until the end of the academic year in which the student becomes 22 years of age.

GUIDANCE SERVICES

The school counselors are available to help students be successful in school and solve personal problems. Classroom, group, and individual guidance services are provided. Please check with the Counseling Office for appropriate procedures to sign up for services.

HARASSMENT (See DISCRIMINATION, HARASSMENT AND RETALIATION)

When the student arrives or becomes ill during the school day the parent/guardian will be notified and asked to pick up the child before the end of the school day. When the student has an elevated temperature, nausea, vomiting, or diarrhea prior to the start of the school day they should remain in the home setting.

Food and Life Threatening Allergies

Students with food and life threatening allergies should notify the school nurse and campus administrator immediately. The student will be required to provide documentation of the allergy, prescription for emergency medication and/or dietary restrictions from a PCP. Should emergency medication be required, follow the medication guidelines listed in the Nursing Services and Medication Section of the Student Handbook.

Head Lice (Pediculosis)

When a student is found to have live lice the student's parent/guardian will be notified. The parent/guardian will be asked to pick up the child before the end of the day and will be asked to treat the child for lice. Students are responsible for completing assignments and meeting assigned deadlines. Parents will allow the school at least 24 hours to prepare homework assignments. See individual campus policy. See Attendance page 7 for Make-up work.

ILLNESS (see HEALTH-RELATED MATTERS)

IMMUNIZATIONS

New Mexico State Law requires students to be vaccinated prior to enrolling in school. According to NMAC 6.12.2.8, no student shall be enrolled in the public, nonpublic, or home schools in the state unless the student can present satisfactory evidence of commencement or completion of immunization in accordance with the immunization schedule and rules and regulations of the public health division.

- Satisfactory evidence means a statement, certificate or record signed by a primary care provider licensed in the United States or other recognized licensed health facility stating the required immunizations have been administered.
- Children of military families shall be enrolled and conditionally placed in the school setting for which they are eligible for thirty (30) days while the student obtains the required immunizations.

- Exemptions may be filed in the state for two reasons; medical or religious. The New Mexico Immunization Exemption form and attached documents must be filed, with the State of New Mexico, prior to admitting the student to the school setting. The school will be required to make a copy of the filed exemption form for the student health records. New Mexico approved exemptions will be valid for a period of 9 months and will not extend beyond the end of the school year in which the child is currently enrolled.
- Non-Compliance means the student's school immunization record is not compliant with the NM immunizations required for school age children.
 - When a student is non-compliant with immunizations an Immunization Notice will be sent home with the student. A fifteen day grace period will be given to provide evidence of compliance.
 - After the fifteenth day, should the student remain in non-compliant standings a Disenrollment Immunization Notice will be sent home with the student. An additional fifteen day grace period will be given to provide evidence of compliance. At the end of the grace period, disenrollment proceedings will begin.

INDEPENDENT STUDY PROGRAM

This program is designed for those students wishing to take a course that could not be justified due to the small number of student requests, or for those students wishing to add a course of interest outside of the regular schedule of classes. **Students may not take any core subject classes required for graduation through Independent Study except upon the explicit written approval of the campus Principal.**

INTERNET AND COMPUTER USE (See ELECTRONIC COMMUNICATION DEVICES [ECD] AND TECHNOLOGY RESOURCES)

The use of any social networking sites (FACEBOOK, TWITTER, MYSPACE.COM, YOUTUBE.COM, etc.) and anonymous web proxy that lets you bypass website filters and unblock firewalls is not acceptable. The use of these sites will reduce the schools telecommunications bandwidth (phone calls, district email, student information systems, finance/human resources administration system, and web based application software). Parents and students need to review, sign agreement and return to school the Acceptable Use Policy for District Computer Systems and the Internet which is on last page of this Handbook. For more information please refer to GISD Policy IJNDB-R and IJNDB-E.

LAW ENFORCEMENT AGENCIES

MAKE-UP WORK (See ATTENDANCE PROCEDURES)

MEDICINE AT SCHOOL (See NURSING SERVICES & MEDICATIONS)

NEXT-STEP PLAN

New Mexico House Bill 305 requires that every New Mexico high school student complete a four-year plan/ "Next Step Plan". This plan begins at the end of the eighth grade as students are registering for the ninth grade. The plan lays out the courses that the student plans to take over the next four years to reach graduation requirements and college entrance requirements, if applicable.

The mandated process for completing this form includes the involvement of the student, the student's parents or guardian, and the school counselor or other school official charged with coursework planning. In the Next Step Plan, a student describes his/her goals related to long-term career, academic, extra-curricular, post-secondary and personal/social interest. For students with individualized education programs (IEPs), the transition plan substitutes for the Next-Step Plan.

A copy of each student's "Next Step Plan" must remain in the Principals' office for five (5) years after the student graduates.

NONDISCRIMINATION/EQUAL OPPORTUNITY (Board Policy AC)

The Board is committed to a policy of nondiscrimination in relation to race, color, religion, sex, sexual orientation, age, national origin, and disability. This policy will prevail in all matters concerning staff members, students, the public, educational programs and services, and individuals with whom the Board does business.

NURSING SERVICES & MEDICATIONS

Nursing services are available at the school. Students must obtain a hall pass from an employee whenever they wish to use these services. **Accidents and injuries should be reported immediately to an employee.** If this is not possible at the time of injury, students are to report all accidents to the nurse or an employee as soon as possible.

The Gadsden Independent School District has neither the responsibility nor the authority to administer medication at school. No medication or drug should be taken during the school day unless otherwise prescribed by a PCP licensed in the United States. Parents of students requiring medication must notify the school nurse and provide the school with the following:

2. A written note, signed by the parent or guardian requesting that the medication be given during the school day.
3. Medication must be in a pharmacy labeled container which includes the student's name, date, name of the medication, route medication is to be taken (by mouth, injected, etc.), medication dosage, when medication should be administered, PCP name, and Pharmacy contact information.
 - All medications should be deposited with the school nurse or other designated adult.
 - The Health Assistant or other designated adult may assist the student in taking prescribed medication.
 - It is the student's responsibility to go to the health office or designated adult to receive medication at the scheduled time.
 - **Students may not carry medication with them during the school day unless it is an emergency medication ordered by the PCP and the student has demonstrated proper use and safety to the school nurse or campus administrator.**
 - The parent is invited to school to administer medication to their child subject to prior arrangement with the nurse.

PARENT CONFERENCES

There are two scheduled parent/teacher conference in the school year, Fall and Spring for elementary schools and one I-CAT in the Spring for middle school and high school. However, this does not restrict the parent from scheduling other conferences. Parents are asked to contact the school for appointments with administrators, teachers, counselors, or other school personnel. Parents are also invited to visit their student's classrooms with a visitor's pass issued from the main office. Parents are asked to attend mandatory parent conferences when requested by the school. Conferences may be requested for academic, disciplinary, or other purposes. Progress reports will be sent home around the midpoint of each 9-weeks session. Report cards will be sent home at the end of each 9-weeks period.

PARENT/TEACHER ORGANIZATIONS

Parent/Teacher Organizations (PTO's) Parent/Teacher Association (PTA) exist to recognize and promote student achievement. All activities will be directed towards the recognition and promotion of student achievement and excellence. All meetings will be held on the local school campus. All meetings will be open to the public. Written minutes of all meetings will be taken and available at the campus school office. All funds raised by these parent organizations will benefit GISD students only. The organization of parents will elect a Treasurer who will be held accountable for these funds. A Treasurer's Report shall be part of the official meeting.

PERSONAL PROPERTY

The school is not responsible for personal property. This includes all electronic devices. Large sums of money, expensive watches, and jewelry should be left at home. If an article is lost, check to see if it has been turned in to the main office. If it is necessary for students to bring large sums of money to school, it is strongly advised they take it to the main office for safekeeping during the school day.

All electronic devices are not permitted to be used during instructional time, on campus or school events and GISD is not responsible for reimbursing for lost or stolen personal property. These items will be confiscated and returned to parents only, or returned to the students at the end of the school year. GISD has a policy that cell phones should not be used or going off during instructional time, and should not interfere with the instructional process. If they do, they will be confiscated.

PROMOTION, RETENTION, AND PLACEMENT

GRADES K-7

In grades K-7, promotion and retention are based on student demonstration of progress toward proficiency of state and local standards in all subjects and the recommendations of the Student Assistance Team (SAT).

At the end of Grades K-7, three options are available dependent on the student's attainment of the required Proficiency Levels.

- The student attained the required Proficiency Levels and is promoted.
- The student did not attain the required Proficiency Level and will participate in an academic improvement program or remediation. Once the deficiencies are successfully overcome, the student will be promoted.
- The student did not attain the required Proficiency Level upon completion of the prescribed academic improvement program and with the recommendation of the certified teacher and school principal shall either be:
 - Retained in the same grade for no more than one school year with an academic improvement plan developed by the Response to Intervention Team (RTI Team) in order to attain the Proficiency Level of Content Standards, at which time the student will be promoted, or
 - Promoted if the parent or guardian refuses to allow the student to be retained. The parent only has one opportunity to waive retention in grades K – 7th. In this case, the parent or guardian will sign a waiver indicating that the student will be promoted with an *Academic Improvement Plan designed to address the specific academic deficiencies.
- Student failing to attain the Proficiency Level at the end of that year shall be retained in the same grade for no more than one year in order to have additional time to master the required content standards.

*The Academic Improvement Plan (AIP) will be developed by the SAT outlining timelines and monitoring activities to ensure progress toward overcoming the academic deficiencies.

GRADE 8

In Grade 8, promotion and retention are based on student demonstration of progress toward proficiency of state and local standards in all subjects and the recommendations of the Student Assistance Team (SAT).

At the end of Grade 8, a student who fails to attain the Proficiency Level of content standards will be retained in Grade 8 for no more than one school year in order to attain the Proficiency Level of content standards, or

- **The Academic Improvement Plan:** If the student is retained in Grade 8, the SAT will develop a specific academic improvement plan that clearly delineates the student's academic deficiencies and prescribes a specific academic improvement or remediation plan to address the academic deficiencies.

GRADES 9-12

In grades 9-12, promotion and retention are based on student demonstration of progress toward proficiency of state and local standards in all subjects and on the number of credits required to progress to the next grade level. All high school students need the required minimum credits and must pass all portions of the New Mexico Standards Based Assessment to graduate and participate in the graduation ceremonies. Please see GISD Policy IKF for graduation requirements.

Referral for an Alternative Program

A student who fails to attain the State Proficiency Levels of Content Standards and Benchmarks for two successive school years shall be referred by the SAT for placement in an alternative program designed by the school district.

If offered, the cost of summer, extended day academic improvement, and remediation programs offered in Grades 7-12 will be paid by the parent or guardian; however, where parents are determined to be indigent according to state guidelines established by the Public Education Department, the local Board will bear those costs.

It is a continuum of school-wide support that contributes to overall comprehensive school improvement efforts.

Tier I – Universal Screening. All students are screened in the areas of general health, language and academic proficiency. If information suggests that a student needs educational support for learning or behavior, the student shall be referred to Tier II.

below or above expectations. If the district suspects the student may have a disability, or is experiencing a serious and urgent problem, the student shall be referred to Tier III.

Tier III – Special Education. In Tier III, a student has been identified as a student with a disability or gifted under state criteria for giftedness and deemed eligible for special education and related services, An IEP is developed by a properly-constituted IEP team in accordance with state and federal guidelines.
