July 26, 2018

Dear Sir, Madam,

On July 26, 2018 I spoke to Mr. Rafael Gallegos in reference to a Site security assessment that was needed at the Chaparral Per-K. On the July 26, 2018 we met at the school and proceeded to review the documents that were needed to conduct the assessment. All eight questions were addressed and the corresponding checklist filled out.

The primary concern is that there is no fence along the north side of the property, this allows High school students access to the Pre-K and on to the street.

If you need any other information or have any questions please feel free to contact me.

Respectfully,

Ernesto M. Parra #781  
Lieutenant, Patrol Division  
Anthony Substation

## Crime Prevention Through Environmental Design

### CPTED Principles Checklist

#### School Safety Walkthrough Checklist

1. What risks and opportunities do students encounter between home and school?

	N/A	Yes	No	Remarks
Are crosswalks hazardous?	✓			
Are crosswalks protected?	✓			
Can crossing guards be recruited?	✓			
Crime Related	✓			
Weather or environment related	✓			
Other hazards	✓			
Opportunities: field trips, mentors, jobs, safe havens	✓			
Alternative transportation options	✓			
How can natural surveillance be improved?	✓			
Are student drop-off areas separated from school buses and other forms of transportation?		✓		

2. What risks and opportunities are posed in areas directly adjoining school property?

	N/A	Yes	No	Remarks
Traffic Related		✓		
Crime Related			✓	
Other Hazards		✓		Traffic on Lobo Ln. during Prek pickup
Opportunities: field trips, mentors, jobs, safe havens	✓			
How can natural surveillance be improved?	✓			
Is access to school property controlled by fencing, walls, signs (territorial, directional, and regulatory)?			✓	High School students have access to Prek site
Do solid walls, fences, trees, and hedges block surveillance or attract graffiti? (3/7 rule)			✓	
Is there adequate external lighting?		✓		
Is the parking lot positioned in areas adequate for surveillance (physical and electronic)?		✓		
Are parking lots separate for staff, students, and visitors with appropriate signage?		✓		
Are walkways positioned for adequate surveillance from within the building?		✓		No signage posted.
Is there adequate signage directing visitors to the primary entrance of the building?			✓	
Do students congregate at predictable locations off campus, and does this cause a problem?	✓			
What are the possible evacuation sites? Do they have telephones, bathrooms, heat, and securable areas?		✓		

3. Can the office staff observe approaching visitors before they reach the school entry?

	N/A	Yes	No	Remarks
Is the office located adjacent to the main entry?		✓		
Do windows allow natural surveillance of approaching visitors?		✓		
Does anything block the view? (Posters, sculpture, shrubbery, etc.)			✓	
Does the office layout allow staff to see approaching visitors from normal working positions?		✓		
If poorly located, can the office be moved?	✓			
Can new locations for the office be identified?	✓			

4. Do staff members have the physical ability to stop visitors from entering?

	N/A	Yes	No	Remarks
Is it difficult for staff members to lock entry doors in an emergency?			✓	
Can staff use an emergency electronic lock button?			✓	
Do staff members use keys? Are they required to go outside the room in order to lock the door?		✓		
Are the doors locked, other than rush hours?		✓		
Is the primary entrance secured, monitored and identified with appropriate signage?			✓	No signage
Is the front entry staffed with security personnel?			✓	
Are office staff members provided with crisis intervention and response training?			✓	
Is the front entry controlled with weapons scanners or other technology?			✓
