#### Background and Summary:

Loma Linda Elementary (LLE) has experienced a significant enrollment decline along with decreases in enrollment across the district. Anthony Elementary, Gadsden Elementary and Berino Elementary have adequate space for these students which would create a cost savings for the district. Thursday February 9, 2023 we have scheduled a meeting with staff assigned to LLE to allowed them to share their input and thoughts. This recommendation would be for the 2024-25 school year. With several communities impacted we would recommend contracting with an outside planner to ensure attendance zones are established in a manner that balances each school's enrollment. Parent meetings would be held to help in this process.
