Background and Summary:

GISD subscribes to the New Mexico School Board's Associations policy service which provides policy updates based on changes in legislations and case law. Policy advisories are provided to update current policy.

Recommendation:

The majority of these advisories directly impact the protocols and process associated with the governance structure regarding the board. I would recommend assigning two board members who will work with the Superintendent to review these advisories, study the impact, and present them to the board for discussion and possible action during future regular board meetings.
