Approved By: L. Flores Date – 05/19/24

Background and Summary:

With current growth in specific areas of the Gadsden district, the need to ensure districts are fairly represented is important. The redistricting process will provide an opportunity to balance our districts. These will require changes to current districts with expansion in some and reduction in others to achieve a balanced voting population. All proposals will be provided to board members for review.

Recommendation:

No action will be considered at this this however, all proposals will result in changes to some or all districts as the purpose of the project is to balance the voting districts, taking the time to review and understand the changes will be important to consider when election season begins again.
